# Program Announcement

## *Accommodation*

*A large number of rooms have been reserved. Discounted room rates for Eurogastro 2019 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by Public transportation.*

## *Exhibition and Sponsorship*

*An Exhibition will be held concurrently with the Congress. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the field of Gastroenterology.*

## *About Paris*

*Paris is the most visited tourist destination in the world, with over 45 million visitors annually having a nick name city of love, or the city of lights. It is the capital and the most populous city of France. It is hard to pick a time when it is best to visit Paris, because it is perennially popular with tourists. In general the weather in Paris is not too extreme in either direction and expenses on things like transportation and hotels are not at their peak. For a couple of reasons majority of the people will say that the spring, April through June or fall September through November are the most effective times to visit. It is well known for centres of finance, commerce, fashion, science, music, and painting and home to some of the world's landmark monuments, museums and galleries.*

## *Abstract Submission*

<https://gastroenterology.healthconferences.org//abstract-submission.php>

*Note: All the relevant abstracts will be accepted and published in respective conference proceedings.*
