Venue

Kyoto, Japan

Important Dates

Abstract submission opens: 01 October 2018

Registration opens: 01 October 2018

Early bird Registration: 13 April 2019

On spot registration: 13 September 2019

Accommodation

A large number of rooms have been reserved. Discounted room rates for Fetal and Maternal Medicine 2019 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Conference. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the fields of Cardiology and Medicine.

About Kyoto

Japan is a world apart – a cultural Galápagos where a unique civilization blossomed, and today thrives in contrasts of traditional and modern. The Japanese spirit is strong, warm and incredibly welcoming. Japan is a leading nation in scientific research, particularly technology, machinery and biomedical research. Japan leads the world in robotics production and use. Kyoto, once the capital of Japan, is a city on the island of Honshu. It's famous for its numerous classical Buddhist temples, as well as gardens, imperial palaces, Shinto shrines and traditional wooden houses. It's also known for formal traditions such as kaiseki dining, consisting of multiple courses of precise dishes, and geisha, female entertainers often found in the Gion district. As the ancient capital from 1200 years ago, the Japanese see Kyoto as the cultural heart of the country. The beautiful surroundings and the cultural heritage attract people from all over the world. Visitors are entranced by the charms of the city and the vibrant sites and sounds of traditional Japan.
