Dear Attendees,

We are glad to announce the International Conference on Food & Beverages to be held in Singapore on September 09-10, 2019 organized in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members. Food & Beverages 2019 aims at sharing new ideas and technologies amongst the professionals, industrialists and students from research areas of Food & Beverages. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

This international meet (Food & Beverages 2019) anticipates hundreds of delegates including keynote speakers, Oral presentations by renowned speakers and poster presentations by students besides delegates around the world. This conference perhaps a giant event that creates an ideal platform to share expertise addressing current advancements involved in Food & Beverages. It will be a wonderful opportunity for all the delegates as it provides an international networking opportunity to collaborate with the world class Food & Beverages Associations.

Sincerely,
Food & Beverages 2019

City Attractions

Singapore, officially the Republic of Singapore, is a sovereign city-state and island country in Southeast Asia. It lies off the southern tip of the Malay Peninsula and is 137 kilometres (85 mi) north of the equator. The country’s territory consists of the lozenge-shaped main island, commonly referred to as Singapore Island in English and Pulau Ujong in Malay, and more than 60 significantly smaller islets.

Singapore is both an island and a country, but perhaps its best description is that of city-state.. Its combination of Western-style development and Eastern-style calm seems to present the best of both hemispheres: It’s a modern metropolis where you feel safe walking the streets and it’s an Asian business center that’s a model of efficiency. Singapore is also a multicultural city, and close to one-quarter of its population are expatriates or foreign workers from all over the world. Known for its desire to become the technology hub of Asia, Singapore is the most wired country in the region.
