

26th INTERNATIONAL CONFERENCE ON

FOOD & NUTRITION

APRIL 13-14, 2020 LONDON,
UK

TENTATIVE SCIENTIFIC PROGRAM

Day 1: April 13, 2020	
Hall 1-	
09:00-09:30	Registrations
09:30-10:00	Opening Ceremony
Keynote Session	
10:00-10:40	Title: Antiproliferation and anticancer activity of selected foods and beverages
	Ozlem Tokusoglu , Manisa Celal Bayar University, Turkey
10:40-11:20	Title: Therapeutic ketosis and the broad field of applications for the ketogenic diet: Ketone ester applications & clinical updates
	Raffaele Pilla , St. John of God Hospital – Fatebenefratelli, Italy
Group Photo	
Coffee Break : 11:20-11:40	
Session-1	
Session Chair : Ozlem Tokusoglu , Manisa Celal Bayar University, Turkey	
11:40-12:10	Title: Buckwheat based functional cereal products: Phenolic matrix quality, the effects on regulation of blood sugar and hypertensive properties
	Ozlem Tokusoglu , Manisa Celal Bayar University, Turkey
12:10-12:40	Title: Exploring influences on coffee liking: Effect of samples and consumer characteristics
	Nicola Condelli , The University of Basilicata, Italy
12:40-13:10	Title: Modification of cheese ripening process and support to the small dairy producers
	Marijana Blazic , Karlovac University of Applied Sciences, Croatia
Lunch Break : 13:10-14:00	
14:00-14:30	Title: Blockchain and the Food Industry
	Tom Hollands , Raynor Foods Ltd, United Kingdom
14:30-15:00	Title: The role of catering in hospitals in the UK and impact on the health of patients
	Mabel Blades , Nutrition and Dietetic Services, United Kingdom
15:00-15:30	Title: Effects of total soluble solids, pH and <i>Saccharomyces cerevisiae</i> density on quality of longan wine
	Le Thai Anh Thu , Dong Thap community college, Vietnam
15:30-16:00	Title: Soy kits- apromising climate-smart and economically viable technology for the production of soymilk in Malawi
	Charity Kambani-Banda , Feed the Future Malawi Agriculture Diversification Activity, Malawi
Coffee Break : 16:00-16:20	

16:20-16:50	Title: Seed storage protein modulates sink strength and nutrient acquisition in sweet potato
	Niranjana Chakraborty , National Institute of Plant Genome Research, India
16:50-17:20	Title: A biodegradable hydrogel extracted from okara: potential in application as wearable sensor
	Xi Cui , Nanyang Technological University, Singapore
17:20-17:50	Title: Women's Health: Managing Menopause Symptoms with Diet, Complementary Medicine and Exercise
	Lily Stojanovska , United Arab Emirates University, UAE
17:50-18:20	Title: Effect of Ramadan Fasting on Body Composition and Dietary Intake: A Prospective Study in the State of Qatar
	Ghazi Daradkeh , Al-Khor Hospital, Hamad Medical Corporation, Qatar
18:20-18:50	Title: Formulation and evaluation of zobo (<i>Hibiscus sabdariffa</i>) supplemented with fluted pumpkin leaves (<i>Telfairia occidentalis</i>), Moringa (<i>Moringa oleifera</i>) and Ginger (<i>Zingiber officinale</i>)
	Abubakar Idris , Niger state Polytechnic, Nigeria

Day 2: April 14, 2020	
Hall 1-	
Keynote Session	
10:00-10:40	Title: The role of Vitamin B in cognitive performance and mental health
	Lily Stojanovska , United Arab Emirates University, UAE
10:40-11:20	Title: Spontaneous coronary artery dissection in a 30 year old otherwise healthy post partum female at perpetual succour hospital
	Carole Widmayer , The Coffee Cherry Co., USA Daniel Kurzrock , ReGrained, USA
Coffee Break : 11:20-11:40	
Session-2	
Session Chair : Ozlem Tokusoglu , Manisa Celal Bayar University, Turkey	
11:40-12:10	Title: Functional drink shalgam: Preservation and shelf life stability by innovative processing PEF
	Ozlem Tokusoglu , Manisa Celal Bayar University, Turkey
12:10-12:40	Title: Sustainable Development of Bioheat from Agriculture Wastes and Environment
	Abdeen Omer , Energy Research Institute, United Kingdom
12:40-13:10	Title: Polycyclic aromatic hydrocarbons and heavy metal contents of selected smoked meats
	Alexander Ajai , Federal University of Technology, Nigeria

Lunch Break : 13:10-14:00	
14:00-14:30	Title: Physicochemical and sensory properties of carabeef treated with <i>Bacillus subtilis</i> (Ehrenberg) Cohn protease as meat tenderizer
	Kenneth Joseph C. Bureros , University of the Philippines Cebu, Philippines
14:30-15:00	Title: Nutrifunctional drink containing microencapsulated sacha inchi oil (<i>Plukenetia huayllabambana</i>) and antioxidants from the biodiversity of Peru
	Nancy Chasquibol Silva , University of Lima, Peru
15:00-15:30	Title: How prebiotics (Prebiotiks M & T, an antioxidant & antimicrobial agent from Acacia Senegal/Seya), help managing ill health, improve immunity and overcome side effects of chemotherapy
	Mohamed Sabji Sultan , UK
15:30-16:00	Title: Evaluation of some biochemical parameters in relation to obesity induced by Monosodium glutamate in male rats
	Sherin. M. Khodier , Suez Canal University, Egypt
Coffee Break : 16:00-16:20	
16:20-16:50	Title: Food Preservative Method and Its Economic importance in Nigeria
	Adewunmi Baruwa , Ladoke Akintola University of Technology Ogbomoso, Nigeria
16:50-17:20	Title: Moringa: A Vital Source for Functional Food and Nutra-pharmaceutical Developments
	Farooq Anwar , University of Sargodha, Pakistan
17:20-17:50	Title: Experimental Investigation and Mathematical Modeling of Drying Process with Infrared Radiation
	Ebrahim Sadeghi , Shomal University, Iran
Poster Session(17:50-18:50)	
P:01	Title: Rheology of Meat Exudate for Future Meat Packaging Applications
	Alaa Alaizoki , Swansea University, United Kingdom
P:02	Title: Whey protein based microencapsulation of bioactive compounds and probiotics
	Mingruo Guo , The University of Vermont, Burlington, USA
P:03	Title: Reducing the cadmium content of rice while at the same time reducing <i>Bacillus cereus</i> loadings
	Esesua Ebahi Pogonson , Queens University Belfast, Northern Ireland
P:04	Title: Rheology of Meat Exudate for Future Meat Packaging Applications
	Alaa Alaizoki , Swansea University, United Kingdom
Award Function & Closing Ceremony
