Dubai is one of the seven emirates that make up the United Arab Emirates. It is considered as an eminent place for health, education, and is one of the prominent places to have the universities and universities estimated. It is the most modern city and it develops at an incredible pace in the tourist and commercial sectors especially.

Undoubtedly, the Dubai conferences play a crucial role in the promotion of scientific data and ideas around the world. There are also associations that work in the management of medical care for children and adults of any metabolic disorder. It can be considered as a reasonable means for the migration of important knowledge about research and novel advances throughout the world. Hospitals in the UAE are state of the art and provide high levels of clinical care. Health professionals get the opportunity to work in an exciting, thriving, modern location and a great lifestyle.
Exhibitors and sponsors have the opportunity for face-to-face networking with leading world doctors and nurses, increase brand awareness, and develop collaborations with an international audience.

In 2017-2018, the top ten countries represented by our delegates were: United States, United Kingdom, Germany, Netherlands, Belgium, Sweden, Canada, France, Switzerland, Japan and Spain.
