

**Scientific Program**

# **GLOBAL CONFERENCE**

**April 17-18, 2023 | Rome, Italy**

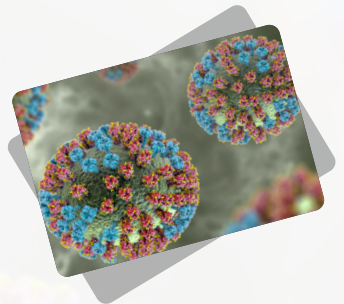

## **Conference Highlight's**

**Immunology**

**Gastroenterology**

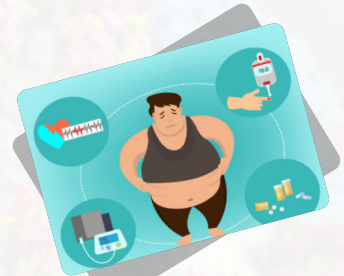

**Glycobiology**

**Nephrology**

**Food & Beverages**

**Obesity**

## **Exhibitors**

**apo@lar**

Hosting Organization: Conferenceseries UK  
35 Ruddlesway, Windsor, Berkshire, SL4 5SF

# DAY-1

April 17, 2023

08:00-08:30 Registrations

## Opening Ceremony ..... 08:30-08:55

### Keynote Forum

08:55-09:00 Introduction

09:00-09:40

**Title:** Comparison of outcomes of erythropoietin beta and erythropoietin alpha for treatment of anemia in children with chronic kidney disease on maintenance hemodialysis: A retrospective cohort study

Phoebe Anne M. Dino-Santos, Philippine Children's Medical Center, Philippines

09:40-10:20

**Title:** Direct observation of T cell receptor ligand discrimination

Jun Huang, University of Chicago, USA

Bertrand Téhard, Vyoo Agency, France

### Group Photo

**Sessions:** Food Waste Management | Food Processing & Packaging | Pediatric Nephrology | Nephrology Nursing & Health Care | Gastroenterology | Hepatology | Gastrointestinal Therapeutics | Irritable Bowel Syndrome | Obesity and Eating Disorders | Microbiota and Diseases | Haemorrhoids | Glycoscience | Glycobiology | Biochemistry | Synthesis and Biological Role of Glycans | Glycochemistry | Glycans in Diseases and Therapeutics | Immunology | Immunotherapy

Session Introduction

10:40-11:05

**Title:** Strategies to reduce the environmental impact of meat packaging

Harrison Tetteh, University of Lleida, Spain

11:05-11:30

**Title:** Extraction of chlorogenic acid with antioxidant properties from spent coffee grounds using EtOH/water mixtures

Ibtissam Bouhzam, University of Lleida, Spain

11:30-11:55

**Title:** Predictors of microalbuminuria and its relationship with glycemic control among Type 2 diabetic patients of Jazan Armed Forces Hospital, Southwestern Saudi Arabia

Hassan Ali Elsayed Abdelwahed, Jazan Armed Forces Hospital, Saudi Arabia

Hesham Mohammed Ali Dahlan, Jazan Armed Forces Hospital, Saudi Arabia

**11:55-12:20**

**Title:** What is the role of ERCP in the diagnosis of hemosuccus pancreaticus?

Kwak Yun Mi, Catholic University of Korea, South Korea

**12:20-12:45**

**Title:** apoQlar GmbH product demo in the field XR for visceral surgery

Maciej Antoszczuk, apoQlar GmbH, Germany

**Lunch Break: 12:45-13:30 @ Restaurant**

**13:30-13:55**

**Title:** A novel Mucin-selective protease StcE is a powerful tool for heavily O-glycosylated mucin proteins MS analysis

Ena Orzech, Merck Lifesciences R & D, Israel

**13:55-14:20**

**Title:** Nutrition through seaweed benefits human gut microbiome

Mauricio Ondarza, Red de Glicociencia en Salud, México

**14:20-14:45**

**Title:** The great potential of lectin-protease conjugates in cancer therapeutics

Ashraf Abdullah Saad, Sultan Qaboos University Hospital, Oman

**14:45-15:10**

**Title:** Does immunological memory stand behind onset of human parturition?

Olena Getsko, The Chinese University of Hong Kong (CUHK), Hong Kong

**15:10-15:35**

**Title:** Development of a vaccine against leishmaniasis

Derya T Ata, University of Strathclyde, UK

**15:35-16:00**

**Title:** The impact of gestational weight gain on subclinical atherosclerosis, placental circulation and neonatal complications

Marina Shargorodsky, Edith Wolfson Medical Center, Israel

## Poster Presentations: 16:00-16:30 @ Foyer

POST001

**Title:** Outcomes of prolonged intermittent renal replacement therapy combined with hemoperfusion among patients aged <18 years old with severe dengue in a tertiary hospital: A retrospective cohort study

Giezebel H. Arago, Philippine Children's Medical Center, Philippines

POST002

**Title:** Cost of medication used to treat IBD

Rasmus Rankala, University of Turku, Finland

POST003

**Title:** Endoscopic Retrograde Cholangiopancreatography

Kwak Yun Mi, Catholic University of Korea, South Korea

## Networking & Refreshments Break: 16:30-16:45 @ Lobby

16:45-17:05

**Title:** An attempt to present medication for overlap syndrome dyspepsia with nonspecific/unspecified irritable bowel syndrome by patients' self-assessment

Marakhouski Y, Belarusian Medical Academy of Postgraduate Education, Belarus

17:05-17:25

**Title:** From Moment to Memory: The Lifespan and Impact of Light Photons

Deborah Zelinsky, Mind-Eye Institute, USA

17:25-17:45

**Title:** TBA

Romario Ramos, Medical Mission Group Hospital and Health Services Cooperative of Oriental Mindoro, Philippines

## Panel Discussions, Awards & Closing Ceremony

# DAY-2

April 18, 2023

## Extended Networking & Lunch 12:30-13:30 @ Restaurant

## Exhibitors

apoQlar is the developer of a medical mixed reality platform that is revolutionizing how medicine is practiced, experienced, learned, and shared. VSI HoloMedicine® is a medically certified software platform that leverages the Microsoft HoloLens hardware to transform medical images, clinical workflows, and medical education into an interactive 3D mixed reality environment.

Established in 2002, QA-Bio is dedicated to supplying the biopharmaceutical manufacturing community with the tools required for the analysis of glycan's. Products are used in FDA & EMA approved procedures by biopharmaceutical companies throughout the world. We optimize the chemistries, materials, manufacturing and storage procedures of our kits and reagents to maintain the highest performance standards for accuracy and reproducibility.
