Venue & Accommodation

Helsinki, Finland

Helsinki, the capital and largest city of Finland, is a vibrant seaside city of beautiful islands and great green parks as well as lakes and forests. Design, architecture, culture and shopping are all great exploration angles and large park areas, and the coastline with numerous islands sprinkled off it make certain that there's no shortage of natural presence. Adding a spice, there's something going on in Helsinki every day of the year. Also, one cannot forget the natural enchanting beauty of the "Aurora Borealis" and the "Midnight Sun". And everyone knows that Santa – the one and only – comes from Finland. Although the exact location of his private retreat in Korvatunturi, Lapland, is unknown, his official hometown is Rovaniemi, where he greets visitors all year round. The fortress of Suomenlinna is a UNESCO World Heritage Site. Influenced by Classicism and modernized by Functionalism, Helsinki is possibly best known for its Art Nouveau architecture. In 2009, The International Council of Societies of Industrial Design chose Helsinki as the World Design Capital for 2012.
