

25th Global Biotechnology Congress

AGENDA

October 25, 2022 | Webinar

09:00-09:30-Opening Ceremony

Keynote Forum

09:30-10:10

Title: Ayurveda management of sciatica syndrome

"**Shripathi Acharya G** | Muniyal Institute of Ayurveda Medical Sciences | India

9:30-11:10-10:40

Title: CARP-1 functional mimetics are novel pro-apoptotics and inhibitors of cancer cell growth and metastasis

Abdelkader E Ashour | King Salman International University | Egypt

Scientific Sessions

Major Sessions on: Traditional Medicine | Herbal Medicine | Ayurveda | Drug Discovery | Pharmaceutical Research | Nanotechnology | Biotechnology | Medical Biotechnology | Medical Biotechnology | Microbial/Industrial biotechnology

10:40-11:10 Title: Management of hypertension: Herbal options

Renu Dwivedi | Bahara University | India

Refreshment Break 11:10-11:30

11:30-12:00 Title: Quantum technologies and therapies, our response to the challenges of the current sanitary crisis

Jacqueline jacques | BioQuantique SARL | Switzerland

12:00-12:30 Title: Molecular modeling of the binding characteristics of some natural flavonoid compounds to amyloid β -peptide-42

Awwad Radwan | King Saud University | Saudi Arabia

12:30-13:00 Title: Effect of foliar applied paclobutrazol on yield and seed quality of quinoa
Abdullah | Al Hala Pest Control | Dubai

Lunch Break 13:00-14:00

14:00-14:30 Title: Protocol optimization for micro propagation of banana varieties (Musa spp.) using shoottip culture
Gerema Amente | Adami Tulu Agricultural Research Center | Ethiopia

14:30-15:00 Title: Body of knowledge Indonesian traditional medicine
Amarullah Hasanuddin Siregar | Clayton College of Natural Health | Indonesia

15:00-15:30 Title: Structural treatment in sulphide mine wastes through an inhibitory approach in bioleaching-based technique
Zeinab Piervandi | Tarbiat Modarres University | Iran

15:30-14:00 Title: Natural bioactive components: An insight in prevention and treatment of life threatening disorders
Bhawna Chopra | Guru Gobind Singh College of Pharmacy | India

E-Poster Presentations

14:00-14:10 Title: Gluten sensitive patients with steroid-mercury induced rosacea is treatable with cutting-edge ingredient "Hematite: Raw organic extracts of Iron minerals" and 0% gluten diet; micro collagen in diet and topically in skin care regimen daily for healthy skin in Caucasians and Asians of all skin type
Nadia Rumman | Cardiff University | United Kingdom

14:10-14:20 Title: Validation of a magisterial preparation of Furosemide in the context of dosage adjustment in pediatrics
BENAZIZ Ouarda | Blida University 1 | Algeria

Panel Discussion

Thanks Giving & Closing Ceremony
