

# Scientific Program

## 17<sup>th</sup> Global Toxicology & Risk Assessment Conference

Oct 22-24, 2018 | Budapest, Hungary

**Conference Series LLC Ltd**

47 Churchfield Road, London, W36AY, UK, Tel : +44 20 393 63178

# Scientific Program

Global Toxicology 2018

## October 22, 2018 - Day 1

09:00 - 09:45 Registration Desk Opens

09:45 - 10:00 Introduction

Hall - Krisztina Room

**conferenceseries.com** 10:00-10:30

## Opening Ceremony

### Keynote Forum

10:30- 11:15 **Title: Antihistaminic drugs affects bone metabolism in orthodontic tooth movement in rats**  
**Gorazd Drevenšek**, University of Ljubljana, Slovenia

Panel Discussion and Group Photo

Networking & Refreshment Break: 11:15-11:30

**Major Sessions: Toxicology | Pharmacology | Clinical and Applied Toxicology | Experimental and Toxicologic Pathology | Forensic Toxicology**

**Session Chair: Rana Jaffer**, Hamad Medical Corporation, Qatar

**Session Co-Chair: Ewa L Gregoraszczuk**, Jagiellonian University in Kraków, Poland

11:30-12:00 **Title: A scientific approach to prioritize chemical hazards in food raw materials based on global food intake**

**Yong Joo Chung**, Nestle Research Center, Switzerland

12:00-12:30 **Title: Khat (Catha edulis) Abuse in the MENA region**

**Rana Jaffer**, Hamad Medical Corporation, Qatar

12:30- 13:00 **Title: Investigation of individual and combined effects of the three mycotoxins FB1, DON, ZEA on the expression of Hsp70 proteins**

**Dániel József Kócsó**, Kaposvár University, Hungary

### Lunch Break 13:00-14:00

14:00-14:30 **Title: New molecular mechanism of PAH mixture action in ovarian Granulosa cells**

**Karolina Zajda**, Jagiellonian University in Kraków, Poland

14:30-15:00 **Title: The effects of oral fumonisin B1 exposure on the renal and hepatic lipid metabolism**

**Omeralfaroug Ali**, Kaposvár University, Hungary

15:00-15:30 **Title: Perfluoroalkyl acids (PFAAs) and their source apportionment along the Indus drainage system in Pakistan**

**Kifayatullah Khan**, University of Swat, Pakistan

### Poster Presentations 15:30-17:00

GT 01 **Title: Copper-zinc imbalance induces kidney tubule damage and oxidative stress in individuals chronically exposed to cadmium**

**Heon Kim**, Chungbuk National University, R. of Korea

GT 02 **Title: Kidney damage markers associated with cadmium exposure in the general population**

**Yong-Dae Kim**, Chungbuk National University, Republic of Korea

GT 03 **Title: Safety assessment of Mentha mozaffarianii essential oil: Acute and repeated toxicity studies**

**Dorsa Daneshbakhsh**, Islamic Azad University, Iran

GT 04 **Title: A newly-developed analytical method for curdione and its application in concomitant toxicokinetics of reproductive toxicity studies**

**Zuyue Sun**, Shanghai Institute of Planned Parenthood Research, China

GT 05 **Title: Toxicological evaluation of Zishen Yutai pill in beagle dogs: A 39 weeks oral gavage study**

**Yongwei Luo**, Shanghai Institute of Planned Parenthood Research, China

### Day 02, October 23, 2018

Networking, Lunch & B2B Meetings

### ePoster Presentations

- EP1** **Title: Hippocampal testosterone and estradiol disruption in rats, after prenatal and postnatal exposure to chlordimeform**  
**Javier Del Pino**, Complutense University, Spain
- EP2** **Title: Cadmium induced  $\beta$ -amyloid proteins formation in SN56 basal forebrain cholinergic neurons mediated through muscarinic M1 receptor by alteration of AChE expression**  
**Paula Moyano**, Complutense University of Madrid, Spain

**Networking and Refreshments Break 16:00-16:30**

**Panel Discussion**

**Awards & Closing Ceremony**

**Day 2 October 16, 2018**

**Networking, B2B Meeting**
