

Scientific Program

Europe Webinar on
Global Warming-2022
&
Oil and Gas Expo 2022

November 08, 2022 | Webinar

November 08, 2022

Sessions will be hosted in GMT+1 (UK Timings)

Opening Ceremony

09:15-09:30 Introduction

Sessions: Global Warming | Climate Change and Climatology | Environmental Pollution | Environmental Toxicology | Risks of Global Warming and Climate Change | CO2 Capture and Sequestration | Environmental Science | Climate Change & Biodiversity | Regenerative Agriculture to Reverse Climate Change | Climate Change Challenges & Sustainability | Waste management | Ecosystems and Ecology | Environmental engineering | Climate Change Adaptation | Biofuels, Biomass & Bioenergy

09:30-10:00 **Title: Underground paleo volcanic zones: understudied and underrecognised sources of Global Warming**
Irina Glinyanova, PhD, Volgograd State Technical University, Russia

10:00-10:30 **Title: A framework for resilience in changing climate: insights from Sundarban, India**
Chandan Surabhi Das, Associate Professor in Geography (WBES), Barasat Govt. College, India

10:30-11:00 **Title: Emission models of short-lived and long-lived climate forcers from road transport: an overview**
Faezeh Borhani, School of Environment, College of Engineering, University of Tehran, Iran

11:00-11:30 **Title: Use of bioelectrochemical systems improve CO2 assimilation in Clostridium spp. and Ralstonia eutropha**
Rosa Anna Nastro, PhD, University of Naples Parthenope, Italy

11:30-12:00 **Title: Tree Planting As a Climate Change Adaptation Strategy for Sustainable Development In Nigeria**
Benjamin Anabaraonye, Institute of Climate Change Studies, University of Nigeria, Nigeria

12:00-12:30 **Title: Influence of carbon fixation on the mitigation of greenhouse gas emissions from livestock activities in Italy and the achievement of carbon neutrality**
Roberto De vivo, Department of Chemistry and Microbiology, Enrico Fermi Technical Institute, Italy

Break: 13:00-13:20

13:20-13:50 **Title: A hierarchical Ecosystem Approach to Evaluate Global Warming Impacts in Three Global Ecoregions**
YanQing Zhang, Department of Geography, Simon Fraser University, Burnaby, Canada

13:50-14:20 **Title: Global Warming and Sustainable Environment in Ghana**
Yakubu Muntaka Musah, Director at YM ventures, Ghana

14:20-14:50 **Title: Global Warming and How to Mitigate Its Effects**
Samudeen Mohammed Tahir, Investment Advisor / Agriculturist, Ghana

Awards & Closing Ceremony
