Major Sessions

Graphene and 2D material Nano composites
Carbon Nanotubes and its Applications
Graphene and its Applications
Emerging trends in the field of Graphene Research
Chemistry and biology studies in Graphene
Graphene and Biomaterials for health care
Advanced 2D Materials
Synthetic Graphite and Natural Graphite

Graphene modifications and functionalization
Novel Hybrid carbon materials
Large scale Graphene production and characterization
Graphene Synthesis
Advances in Graphene Physics
Graphene and Graphene oxide
Graphite, Graphene and their polymer nanocomposite materials
Graphene chemistry

- Workshops/Symposiums
- Exhibitors
- Keynote/Plenary Lectures
- YRF/Best Poster Awards
- B2B Meetings

Best Poster Award

- You will be given about 5-7 minutes to present your poster including questions and answers. Judges may pose questions during the evaluation of the poster
- Judges will even evaluate the student's enthusiasm towards their study, interest and knowledge in the area of their research
- The winners will be announced at the closing ceremony of the conference. The decision of the winner will be withdrawn if the winner/winners is/are not present at the time of announcement
- Apart from the judging time you may also be present at the poster to share your research with interested delegates

Young Researchers Forum

- Present your research through oral presentations
- Learn about career development and the latest research tools and technologies in your field
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research
- Develop a foundation for collaboration among young researchers
- The forum will provide an opportunity for collegial interaction with other investigators and established young senior investigators across the globe
- Interact and share ideas with both peers and mentors
