## B2B Meetings

## Dear Colleagues,

Conference Series llc LTD., is delighted to welcome you to Singapore for the Prestigious **6<sup>th</sup> World Congress on Green Chemistry and Recycling**. Green Chemistry Congress 2019 will focus on “**Advancements in Recycling for a Sustainable Future**”. We are confident that you will enjoy the Scientific Program of this upcoming Conference.

We look forward to see you at Seoul, South Korea.

With Regards,

**Green Chemistry Congress 2019**

Operating Committee, Conference Series llc LTD. Conferences

## Editorial Board Members of Supporting Journals:

**Jim Park**

University of Wisconsin-Madison, USA

**Junbeum Kim**

University of Technology of Troyes, France

**Jun Yen Uan**

National Chung Hsing University, Taiwan

**Silvio Vaz Jr**

Brazilian Agricultural Research Corporation, Brazil

**Calvin lakhan**

Ontario Center of Recycling Research, Canada

**Qudong Wang**

Shanghai Jiaotong University, China

**Tianwei Hao**

Hong Kong University of Science and Technology, China

**Irina Safitri Zen**

Universiti Teknologi Malaysia, Malaysia

## Venue

Singapore

## Important Dates

Abstract Submission Opens: June 23, 2019

Registration Opens: August 24, 2019

Early Bird Registration: June 24, 2019

Mid Date Registration: August 24, 2019

On Spot Registration: October 14, 2019

## Accommodation

A large number of rooms have been reserved. Discounted room rates for Green Chemistry Congress 2019 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by public transportation.

## Exhibition and Sponsorship

An Exhibition will be held concurrently with the Conference. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the fields of Cardiology and Medicine.

## About Seoul, South Korea

Seoul is in the northwest of South Korea. Seoul proper comprises 605.25 km<sup>2</sup> (233.69 sq mi),<sup>[4]</sup> with a radius of approximately 15 km (9 mi), roughly bisected into northern and southern halves by the Han River. The Han River and its surrounding area played an important role in Korean history. The Three Kingdoms of Korea strove to take control of this land, where the river was used as a trade route to China (via the Yellow Sea).

The area that was the old capital in the Joseon dynasty, and mostly comprises Jongno District and Jung District, constitutes the historical and political center of the city

The city's financial capital is widely considered to be in Yeouido, while its economic capital is Gangnam District.
