About Zurich

About Zurich: Zurich is the largest city in Switzerland and is known as the Canton of Zürich. It is situated in north-central Switzerland to the north-western tip of lake Zurich. The official language spoke is German. Zurich Airport is located less than 10 kilometres from northeast of the city in Kloten. The main attractions are the churches grossmunster and Fraumunster, the Zurich museum of art and Swiss national museum. Zurich is the leading financial centre and global city. The Greater Zurich Area is the economic centre and home to many international and financial companies in Switzerland. The renown Swiss stock exchange was established in 1877 and 50 of the largest companies have their head office at Zurich. The city is enriched with heritage and culture along with modernity and economic progress. This makes a great platform to development and research in many fields. Known worldwide for its banks, Zurich is the financial center of Switzerland. It has the largest and busiest airport and railway station in the nation, making it the first introduction to Switzerland for many foreign tourists. It also has a reputation for being clean and efficient, and is often ranked as having the highest quality of life anywhere in the world.

Zurich has a blend of appeal for many different travelers. History buffs will love the tall clock towers and gothic spires, culture buffs will enjoy the museums and universities which have 21 Nobel Prize winners to brag of, and edgier people will love the hundreds of hip clubs and world-class restaurants. Opernhaus Zürich, Lindenhof, Lake Zurich are few famous spots in zurich and Zeughauskeller Mesa and Restaurant Kokoro are few famous restaurants which are well known for the authentic swiss food. The lowest monthly mean of daily minimum temperature are measured in January with −2.0 °C and the highest monthly mean of daily maximum temperature are measured in July with 24.0 °C. On average there are 74.9 days in which the minimum temperature is below 0 °C (32 °F) (so-called frost days), and 23.7 days in which the maximum temperature is below 0 °C (32 °F) (so-called ice days).
