Our Programme

Our programme aims to bridge the gap between basic and translational science, with an emphasis on large-scale approaches and innovative technologies in the fields of Clinical Cardiology, Pediatric Cardiology, Cardiac- Oncology, Cardiovascular Disease and Nutrition, Heart Regeneration, Cardiovascular Pharmacology. We encourage discussion and debate of the innovations by maximizing interactions, collaborations and networking opportunities for researchers and nutritionists from academia, industry, and healthcare professionals.

5+ Keynote Sessions

10+ Scientific Sessions

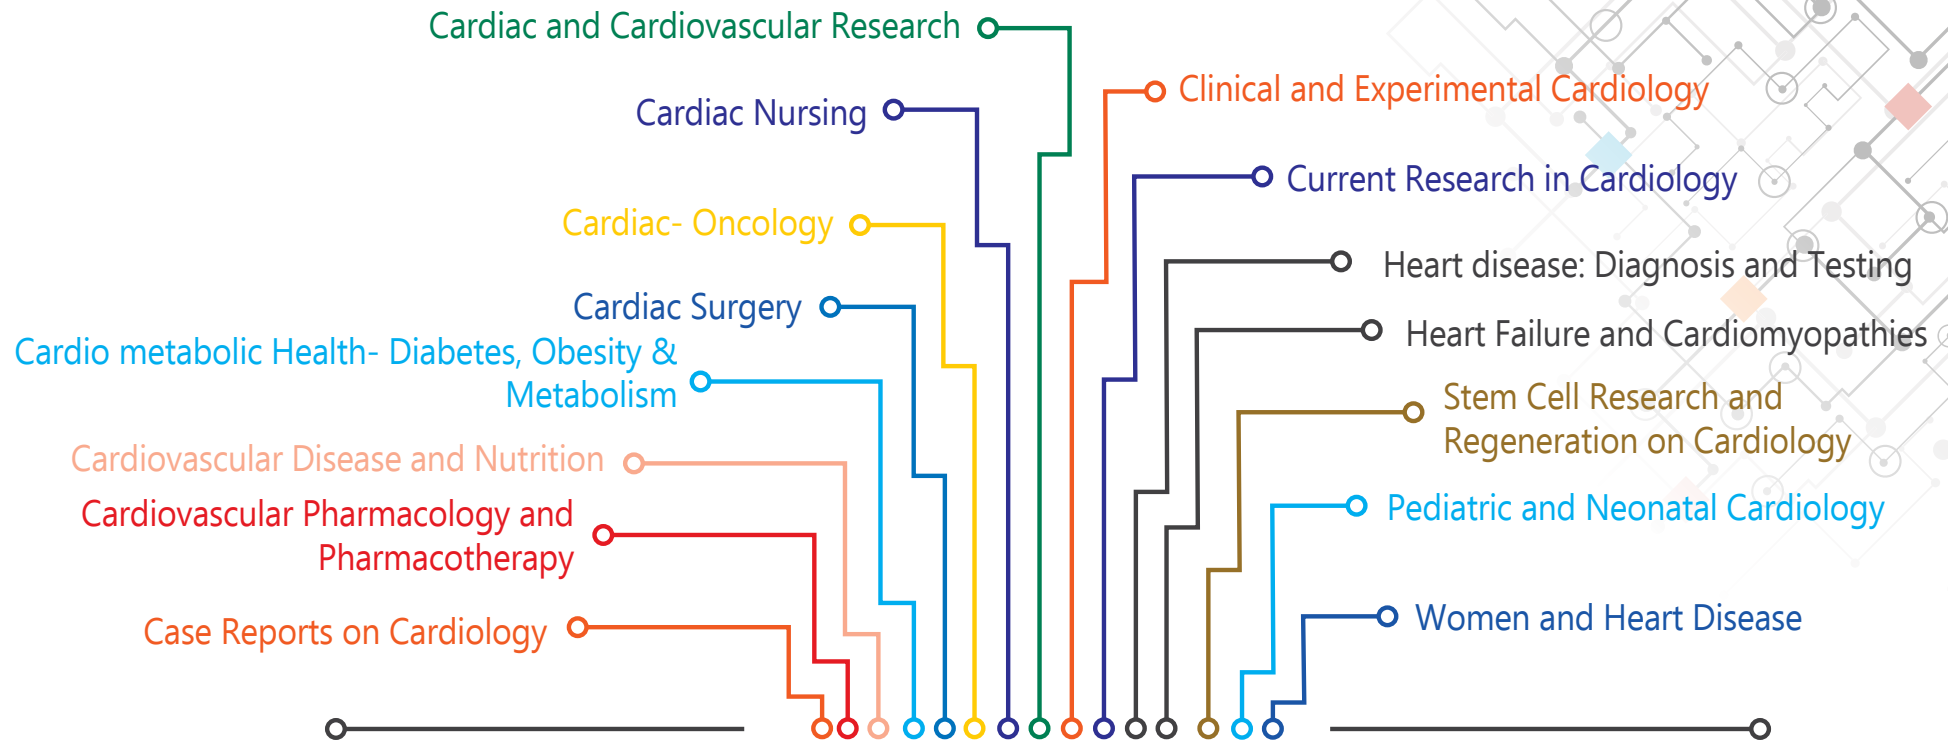

Workshops and
Special Sessions

40+ Oral
Presentations

25+ Poster
Presentations

Young
Researchers
Forum

Venue & Hospitality

Abu Dhabi, which is the capital of the United Arab Emirates, sits off the mainland on an island in the Persian (Arabian) Gulf. Its focus on oil exports and commerce is reflected by the skyline's modern towers and shopping megacentres such as Abu Dhabi and Marina malls. It is the second most populous city of the United Arab Emirates. Abu Dhabi lies on a T-shaped island.

Abu Dhabi's rapid development and urbanization, coupled with the relatively high average income of its population, has transferred the city in to a large and advanced metropolis. Today the city is the country's center of political and industrial activities, and a major cultural and commercial center, due to its position as the capital. Abu Dhabi accounts for about two-thirds of the roughly \$400- billion united emirates economy.

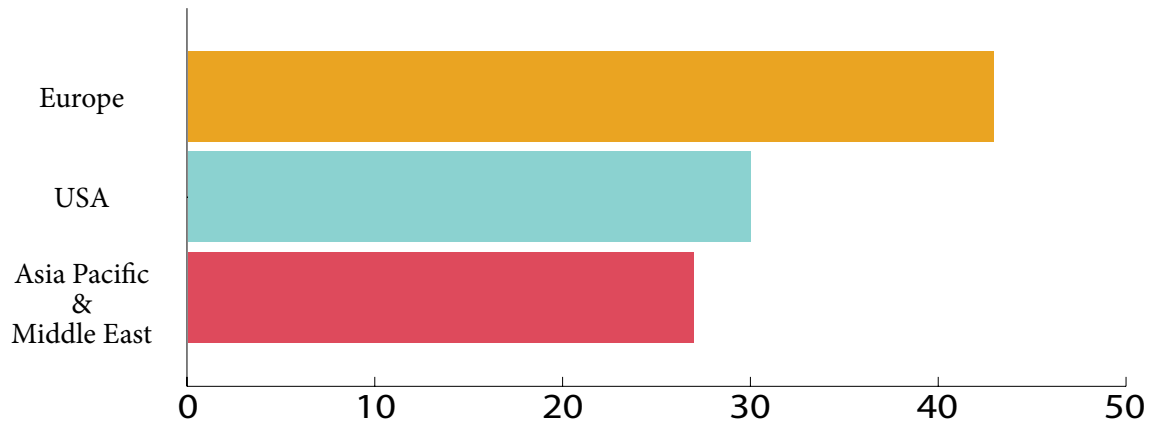

our DELEGATE is your CLIENT

Exhibitors and sponsors have the opportunity for face-to-face networking with leading scientists and clinicians, increase brand awareness, and develop collaborations with an international audience.

In 2016-2017, the top ten countries represented by our delegates were: United States, United Kingdom, Germany, Netherlands, Belgium, Sweden, Canada, France, Switzerland, Japan and Spain
