• Certificate Distribution & Day 2 conclusion Remarks	17:30-18:00

## Day 1

## Day 2

## SCIENTIFIC SESSIONS:

- Heart Disease and Failure
- Cardiovascular Surgeries
- Coronary heart Disease(CAD)
- Heart Diagnosis and Medication
- Heart Devices
- Pediatric Cardiology
- Heart Regeneration
- Cardio Oncology
- Hypertension
- Heart Pharmacology
- Diabetes, Obesity and Stroke
- Cardiovascular Imaging Techniques
- Cardiovascular Electrophysiology
- Cardiovascular Nursing
- Women and Heart Disease

# Edinburgh, Scotland

## City Attractions

Edinburgh is the capital of Scotland and one of its 32 council areas. Historically part of the county of Midlothian (interchangeably Edinburghshire before 1921) it is located in Lothian on the Firth of Forth's southern shore. Recognised as the capital of Scotland since at least the 15th century, Edinburgh is the seat of the Scottish Government, the Scottish Parliament and the supreme courts of Scotland. The city's Palace of Holyroodhouse is the official residence of the monarch in Scotland. The city has long been a centre of education, particularly in the fields of medicine, Scots law, literature, philosophy, the sciences and engineering. It is the second largest financial centre in the United Kingdom and the city's historical and cultural attractions have made it the United Kingdom's second most popular tourist destination attracting 1.75 million visits from overseas in 2016.

## Best Poster Award

You will be given about 5-7 minutes to present your poster including questions and answers. Judges may pose questions during the evaluation of the poster. Judges will even evaluate the student's enthusiasm towards their study, interest and knowledge in the area of their research. The winners will be announced at the closing ceremony of the conference. The decision of the winner will be withdrawn if the winner/winners is/are not present at the time of announcement. Apart from the judging time you may also be present at the poster to share your research with interested delegates.

### VENUE & ACCOMMODATION

EDINBURGH, SCOTLAND

FOLLOW US:

## Young Researchers Forum

Present your research through oral presentations. Learn about career development and the latest research tools and technologies in your field. This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research. Develop a foundation for collaboration among young researchers. The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe. Interact and share ideas with both peers and mentors.
