

SPONSORSHIP OPPORTUNITIES

2nd International Conference on
Epigenetics and Human Diseases
July 15-16, 2020 Helsinki, Finland

our DELEGATE
is your CLIENT

Our Programme

Our programme aims to bridge the gap between basic and translational science, with an emphasis on large-scale approaches and innovative technologies in the fields of Epitranscriptomics for Biomedical Discovery, Epigenetic Biomarkers, Epigenetics, Pharmacogenomics & Personalized medicine and many more

We foster discussion and debate of the innovations by maximizing interactions, collaborations and networking opportunities for researchers and clinicians from academia, and healthcare professionals.

5+ Keynote Sessions

10+ Scientific Sessions

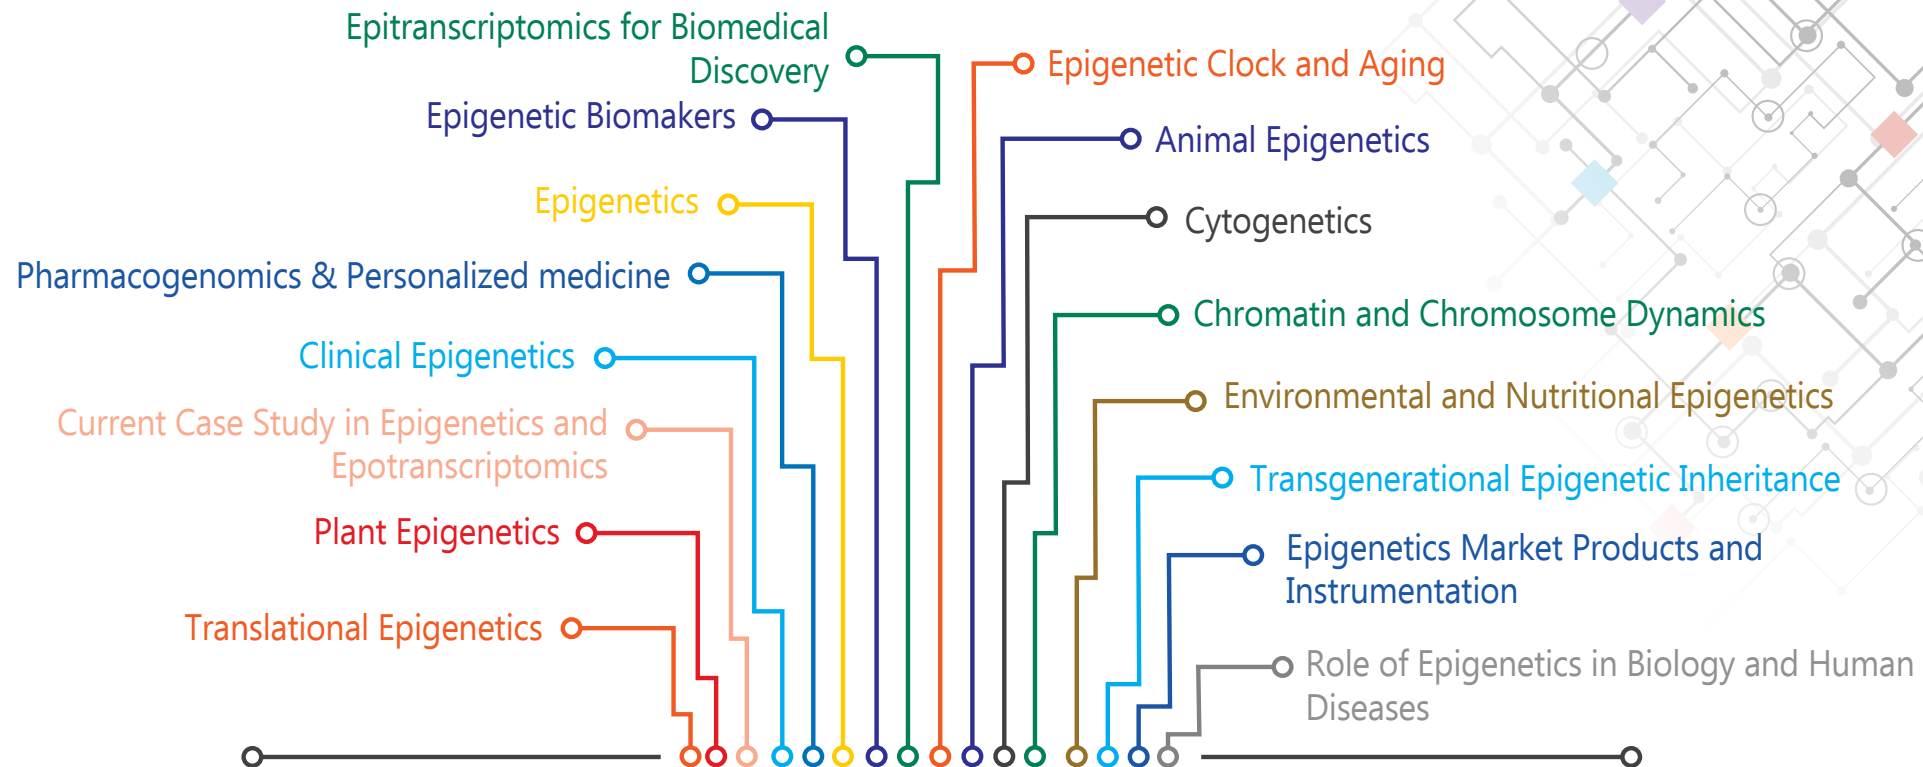

Workshops and
Special Sessions

40+ Oral
Presentations

25+ Poster
Presentations

Young
Researchers
Forum

Venue & Hospitality

The capital and most populous city of Finland is Helsinki. The city's urban area is the most important centre for research, politics, education, finance, and culture. Helsinki is a compact city that can be easily explored on foot. Architecture and shopping are all great exploration corners and large parks, lakes and the coastline with many islands sprinkled off to ensure that there is no lack of presence in nature. This city is well known for its well Hospitality, Luxuries, and great Tourist Destination with all-time seasonal splendour in the world.

Helsinki city is home to the very different Museums and the fashionable Design District, Everywhere in Helsinki, Finland's worldwide fame is manifested by its modern Design Heritage that offers functional design, unique gastronomy with thriving food culture and maritime appeal.

It consists of around 330 islands, offering perfect set-ups for the beach camping weekend trips. It's covered in green areas and offers great outdoor activities and relaxing opportunities. The broad Central Park and its woods spread just outside the centre of town.

our DELEGATE is your CLIENT

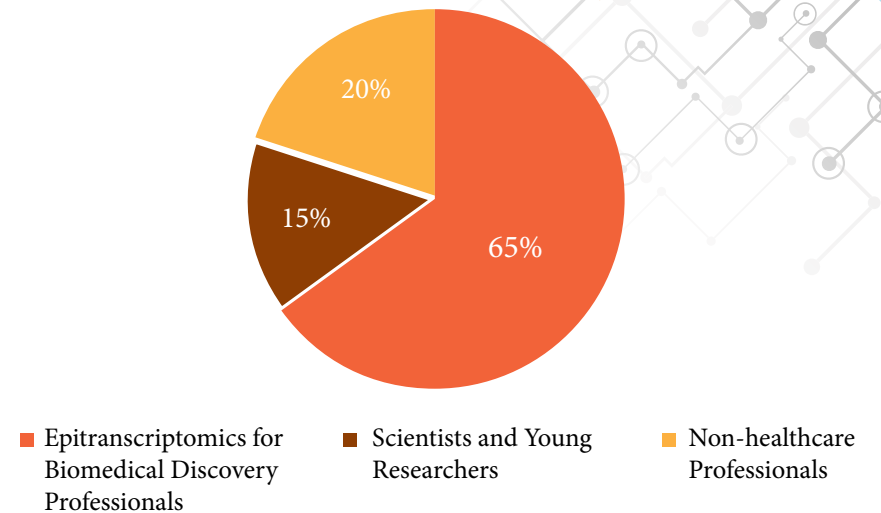

Exhibitors and sponsors have the opportunity for face-to-face networking with leading scientists and clinicians, increase brand awareness, and develop collaborations with an international audience.

In 2017-2018, the top ten countries represented by our delegates were: United States, United Kingdom, Germany, Netherlands, Belgium, Sweden, Canada, France, Switzerland, Japan, Spain and UAE
