8

International Conference on

## **Pediatric Care & Pediatric Infectious Diseases**

August 24-26, 2016 Philadelphia, USA

### **Independence B Hall**

conferenceseries.com 08:30-09:05

# **Opening Ceremony**

	Keynote Forum
09:05-09:1	<del></del>
09:10-09:4	O Title: The burden of antibiotic resistance
	Glenn S Tillotson, Cempra Pharmaceuticals, USA
09:40-10:1	grant and the second se
	response in animal models Rachel Groppo, Sanofi Pasteur, USA
10:10-10:4	
	<b>Thomas D Licker,</b> Decontamination Professionals International, Infection Control Technologies, USA
	Networking and Refreshment Break 10:40-11:00 @ Foyer's
11:00-11:3	
	Stef Stienstra, Dutch Armed Forces / Royal Dutch Navy, Netherlands
	Workshop
11:30-12:30	Title: Dengue diagnosis and case management
	Ashok Kapse, Mahavir Super Specialty Hospital, India
	ectious Diseases Types
	obal Trends in Emerging Infectious Diseases crobial Pathogenesis and Virulence
	ola and Current Research
	diatric Infectious Diseases
	ir: Glenn S Tillotson, Cempra Pharmaceuticals, USA
	ir: <b>Joanna Zajkowska</b> , Medical University of Białystok, Poland
	Session Introduction
12:30-12:50	Title: Therapeutic strategies for osteomyelitis
	Adriana Macêdo Dell' Aquila, Federal University of São Paulo, Brazil  Lunch Break 12:50-13:50 @ Benzamin's
	Title: ATP as a useful method in controlling cleanliness of flexible endoscopes
13:50-14:10	Paul Julius Caesar, University Medical Center Groningen, The Netherlands
14:10-14:30	Title: Evidence supporting vertical transmission of Rickettsia felis in mosquito
14:10-14:30	Jilei Zhang, Yangzhou University, China
14:30-14:50	Title: Antibody level against malaria and the added effect of intestinal parasites
	Amanuel Ateweberhan Woldemariam, Huazhong University of Science and Technology, China
14:50-15:10	Title: Genotype shift of dengue-2 virus isolated in the Philippines revealed by whole genome analysis  Maria Luisa G Daroy, St. Luke's Medical Center, Philippines
	Title: Incorporating individual organ shock into the septic shock and separating a shock and a failure
15:10-15:30	Sion Jo, Chonbuk National University Hospital, Republic of Korea
15:30-15:50	Title: Mathematics of avian influenza spread in human population
15:30-15:50	Durgesh Sinha, Temple University, USA
	Networking and Refreshment Break 15:50-16:10 @ Foyer's
16.10 14.20	Title: Assessment of knowledge, attitudes and practices regarding Lassa fever among healthcare workers in a tertiary hospital, Enugu, South-East, Nigeria: Implications for control
10:10-10:30	Omotowo I Babatunde, University of Nigeria, Nigeria
1/00 1/11	Title: Mathematical models on Ebola virus
16:30-16:50	Bimal Kumar Mishra, Birla Institute of Technology, India
	Titles Description of Probactical Public Houlth Spaces

Title: Decontamination of Prehospital Public Health Spaces

Jason A Thompson, Emergency Products & Research, Inc., USA

16:50-17:10

17:10-17:30	Title: Perinatal vertical viral transmission in the tropics: Chikungunya and Zika
17.10-17.00	Ines Garcia-Garcia, University of Puerto Rico, USA
17:30-17:50	Title: The use of breast milk in Neonatal Intensive Care Unit (NICU)
17:30-17:50	Natalia Isaza Brando, Children's National Health System, USA
17:50-18:10	Title: Improving detection of early onset neonatal sepsis in preterm infants
17:50-16:10	Leena Bhattacharya Mithal, Northwestern University, USA
	e-Posters @ 18:10-18:30
ID001	Title: An unusual cause of abdominal pain in a post-menopausal woman with advanced cancer
	Gabriela Sanchez Petitto, University of Texas Health Science Center at Houston, USA
ID002	Title: Significance of polymerase chain reaction (PCR) analysis of vitreous humor in an immunocompromised patient with necrotising retinochoroiditis
	Gabriela Sanchez Petitto, University of Texas Health Science Center at Houston, USA
	Title: Diagnosis of intestinal tuberculosis by tissue Xpert MTB/Rif in an HIV-1 patient: Report of a
ID003	unique case
	Jose Gonzales Zamora, Augusta University, USA
	Title: Outreach modalities and their efficacy on encouraging individuals to seek HIV prevention
ID004	and testing information
	Tania M Kohal, Oakland University, USA
ID005	Title: Necrotizing pneumonia
10003	Luis Del Carpio Orantes, Mexican Social Security Institute, Mexico
ID006	Title: Gender dynamics and socio-cultural determinants of MERS-CoV in Saudi Arabia
10000	Muhanad Ali, University of Toronto Scarborough, Canada
ID007	Title: Increase of gram negative multi resistance in cases of HAI in a PICU of reference
10007	Andre Ricardo Araujo Da Silva, Federal Fluminense University, Brazil
ID008	Title: Candida score in intensive care unit
10000	Luis Del Carpio Orantes, Hospital D'Maria, Mexico
	Title: Clonal spread of Staphylococcus aureus isolates with reduced sensitivity to chlorhexidine in
ID009	Kuwaiti hospitals
	Leila Vali, Kuwait University, Kuwait
ID010	Title: Waterhouse-Friderichsen Syndrome
	Luis Del Carpio Orantes, Mexican Social Security Institute, Mexico
ID011	Title: Infectious cause of benign prostate hyperplasia
	Jamshaid Iqbal, Kuwait University, Kuwait
ID012	Title: Epidemiological pattern of influenza in Tunisia: Season 2015-2016
	Mouna Sakly, El Manar University, Tunisia
ID013	Title: Some methods for combating of superbugs
	Samer M Al-Hulu, Al-Qasim Green University, Iraq

# Day 2 August 25, 2016 Independence B Hall

	Keynote Forum
09:00-09:45	Title: Conscription of the host fibrinolytic system as a virulence determinant for Streptococcus pyogenes Francis J Castellino, University of Notre Dame, USA
09:45-10:15	Title: Globalization of the unmet need of new antibiotics Glenn S Tillotson, Cempra Pharmaceuticals, USA
10:15-10:45	Title: TBE: A growing threat in Europe Joanna Zajkowska, Medical University of Białystok, Poland
	Networking and Refreshment Break 10:45-11:05 @ Foyer's
11:05-11:35	Title: Managing biothreat information under the WHO international health regulations of biosecurity Stef Stienstra, Dutch Armed Forces / Royal Dutch Navy, Netherlands

Track 08: Immunology of Infections		
_	idemiology of Emerging and Re Emerging Diseases	
	agnosis of Infectious Diseases	
	eatment for Infectious Diseases	
	ectious Diseases Prevention, Control Measures and Cure	
	ir: Francis J Castellino, University of Notre Dame, USA	
Session Cha	ir: Eugenie Bergogne-Berezin, Centre Hospitalo-Universitaire Bichat-Claude Bernard University Diderot, France	
	Session Introductio	
11:35-11:55	Title: In vivo flow cytometry for early diagnosis and prevention of infections	
	Zharov Vladimir P, University of Arkansas for Medical Sciences, USA	
11:55-12:15	Title: Multiple regulatory small RNAs control virulence in enteropathogenic Escherichia coli	
	Shantanu Bhatt, Saint Joseph's University, USA	
12:15-12:35	Title: Ventilator associated pneumonia in neonatal intensive care units	
	Kartikeya Makker, University of Florida College of Medicine Jacksonville, USA	
12:35-12:55	Title: Fever with rash	
	Ashok Kapse, Mahavir Super Specialty Hospital, India	
	Lunch Break 12:55-13:55 @ Benzamin	
12.55_14.15	Title: Different types of cancer: Effect of socioeconomic status, food and physical activity in cance children and adolescents in Cochabamba, Bolivia	
13:33-14:13	Maria Del Rosario Dávalos Gamboa, University of San Simón, Bolivia	
	Title: Impact and influence of waterpipe tobacco smoking on bacterial oral flora	
14:15-14:35	Muhamad Ali Khalil Shakhatreh, Jordan University of Science and Technology, Jordan	
	Title: Usefulness of rapid diagnostic test Typhidot–M in early diagnosis of typhoid fever in	
14:35-14:55		
1 1100 1 1100	Thambarasi Sundaram, Sri Ramachandra University, India	
	Young Researchers Forum	
14 55 15 15	Title: Leprosy and medical practitioners in Enugu, Southern Nigeria	
14:55-15:15	Title: Leprosy and medical practitioners in Enugu, Southern Nigeria  Otache Adah Emmanuel, University of Nigeria, Nigeria	
14:55-15:15		
	Otache Adah Emmanuel, University of Nigeria, Nigeria	
	Otache Adah Emmanuel, University of Nigeria, Nigeria Title: Investigation of the role of the sRNA RyhB in regulating the locus of enterocyte effacement pathogenicity Island in enteropathogenic Escherichia coli Marisa Egan, Saint Joseph's University, USA	
15:15-15:35	Otache Adah Emmanuel, University of Nigeria, Nigeria  Title: Investigation of the role of the sRNA RyhB in regulating the locus of enterocyte effacement pathogenicity Island in enteropathogenic Escherichia coli  Marisa Egan, Saint Joseph's University, USA  Poster Presentations @ 15:35-16:40	
15:15-15:35 Poster Judge	Otache Adah Emmanuel, University of Nigeria, Nigeria  Title: Investigation of the role of the sRNA RyhB in regulating the locus of enterocyte effacement pathogenicity Island in enteropathogenic Escherichia coli  Marisa Egan, Saint Joseph's University, USA  Poster Presentations @ 15:35-16:40  E: Stef Stienstra, Dutch Armed Forces / Royal Dutch Navy, Netherlands	
15:15-15:35 Poster Judge	Otache Adah Emmanuel, University of Nigeria, Nigeria  Title: Investigation of the role of the sRNA RyhB in regulating the locus of enterocyte effacement pathogenicity Island in enteropathogenic Escherichia coli  Marisa Egan, Saint Joseph's University, USA  Poster Presentations @ 15:35-16:40  E: Stef Stienstra, Dutch Armed Forces / Royal Dutch Navy, Netherlands E: Maria Luisa G Daroy, St. Luke's Medical Center, Philippines	
15:15-15:35 Poster Judge	Otache Adah Emmanuel, University of Nigeria, Nigeria  Title: Investigation of the role of the sRNA RyhB in regulating the locus of enterocyte effacement pathogenicity Island in enteropathogenic Escherichia coli  Marisa Egan, Saint Joseph's University, USA  Poster Presentations @ 15:35-16:40  e: Stef Stienstra, Dutch Armed Forces / Royal Dutch Navy, Netherlands e: Maria Luisa G Daroy, St. Luke's Medical Center, Philippines  Title: Recurrent cardiac tamponade secondary to coxsackie B type 4	
15:15-15:35 Poster Judge	Otache Adah Emmanuel, University of Nigeria, Nigeria  Title: Investigation of the role of the sRNA RyhB in regulating the locus of enterocyte effacement pathogenicity Island in enteropathogenic Escherichia coli  Marisa Egan, Saint Joseph's University, USA  Poster Presentations @ 15:35-16:40  E: Stef Stienstra, Dutch Armed Forces / Royal Dutch Navy, Netherlands E: Maria Luisa G Daroy, St. Luke's Medical Center, Philippines  Title: Recurrent cardiac tamponade secondary to coxsackie B type 4  Moamen AL Zoubi, Advocate Illinois Masonic Medical Center, USA	
Poster Judge Poster Judge ID01	Otache Adah Emmanuel, University of Nigeria, Nigeria  Title: Investigation of the role of the sRNA RyhB in regulating the locus of enterocyte effacement pathogenicity Island in enteropathogenic Escherichia coli  Marisa Egan, Saint Joseph's University, USA  Poster Presentations @ 15:35-16:40  E: Stef Stienstra, Dutch Armed Forces / Royal Dutch Navy, Netherlands E: Maria Luisa G Daroy, St. Luke's Medical Center, Philippines  Title: Recurrent cardiac tamponade secondary to coxsackie B type 4  Moamen AL Zoubi, Advocate Illinois Masonic Medical Center, USA  Title: Detection of Beijing genotype of MDR M. tuberculosis by targeting Rv2820 gene and their	
15:15-15:35 Poster Judge	Otache Adah Emmanuel, University of Nigeria, Nigeria  Title: Investigation of the role of the sRNA RyhB in regulating the locus of enterocyte effacement pathogenicity Island in enteropathogenic Escherichia coli  Marisa Egan, Saint Joseph's University, USA  Poster Presentations @ 15:35-16:40  E: Stef Stienstra, Dutch Armed Forces / Royal Dutch Navy, Netherlands E: Maria Luisa G Daroy, St. Luke's Medical Center, Philippines  Title: Recurrent cardiac tamponade secondary to coxsackie B type 4  Moamen AL Zoubi, Advocate Illinois Masonic Medical Center, USA  Title: Detection of Beijing genotype of MDR M. tuberculosis by targeting Rv2820 gene and their association with drug resistance mutations in katG, rpoB and embB	
Poster Judge Poster Judge ID01	Otache Adah Emmanuel, University of Nigeria, Nigeria  Title: Investigation of the role of the sRNA RyhB in regulating the locus of enterocyte effacement pathogenicity Island in enteropathogenic Escherichia coli  Marisa Egan, Saint Joseph's University, USA  Poster Presentations @ 15:35-16:40  Estef Stienstra, Dutch Armed Forces / Royal Dutch Navy, Netherlands Estef Maria Luisa G Daroy, St. Luke's Medical Center, Philippines  Title: Recurrent cardiac tamponade secondary to coxsackie B type 4  Moamen AL Zoubi, Advocate Illinois Masonic Medical Center, USA  Title: Detection of Beijing genotype of MDR M. tuberculosis by targeting Rv2820 gene and their association with drug resistance mutations in katG, rpoB and embB  Anamika Gupta, Boston University School of Medicine, USA	
Poster Judge Poster Judge ID01	Otache Adah Emmanuel, University of Nigeria, Nigeria  Title: Investigation of the role of the sRNA RyhB in regulating the locus of enterocyte effacement pathogenicity Island in enteropathogenic Escherichia coli  Marisa Egan, Saint Joseph's University, USA  Poster Presentations @ 15:35-16:40  E: Stef Stienstra, Dutch Armed Forces / Royal Dutch Navy, Netherlands E: Maria Luisa G Daroy, St. Luke's Medical Center, Philippines  Title: Recurrent cardiac tamponade secondary to coxsackie B type 4  Moamen AL Zoubi, Advocate Illinois Masonic Medical Center, USA  Title: Detection of Beijing genotype of MDR M. tuberculosis by targeting Rv2820 gene and their association with drug resistance mutations in katG, rpoB and embB  Anamika Gupta, Boston University School of Medicine, USA  Title: Pediatric gastrointestinal basidiobolomycosis	
Poster Judge Poster Judge ID01	Otache Adah Emmanuel, University of Nigeria, Nigeria Title: Investigation of the role of the sRNA RyhB in regulating the locus of enterocyte effacement pathogenicity Island in enteropathogenic Escherichia coli Marisa Egan, Saint Joseph's University, USA  Poster Presentations @ 15:35-16:40  E: Stef Stienstra, Dutch Armed Forces / Royal Dutch Navy, Netherlands E: Maria Luisa G Daroy, St. Luke's Medical Center, Philippines Title: Recurrent cardiac tamponade secondary to coxsackie B type 4  Moamen AL Zoubi, Advocate Illinois Masonic Medical Center, USA Title: Detection of Beijing genotype of MDR M. tuberculosis by targeting Rv2820 gene and their association with drug resistance mutations in katG, rpoB and embB  Anamika Gupta, Boston University School of Medicine, USA Title: Pediatric gastrointestinal basidiobolomycosis  Mojdeh Habibi Zoham, Tehran University of Medical Sciences, Iran	
Poster Judge Poster Judge ID01 ID02 ID03	Otache Adah Emmanuel, University of Nigeria, Nigeria  Title: Investigation of the role of the sRNA RyhB in regulating the locus of enterocyte effacement pathogenicity Island in enteropathogenic Escherichia coli  Marisa Egan, Saint Joseph's University, USA  Poster Presentations @ 15:35-16:40  E: Stef Stienstra, Dutch Armed Forces / Royal Dutch Navy, Netherlands  E: Maria Luisa G Daroy, St. Luke's Medical Center, Philippines  Title: Recurrent cardiac tamponade secondary to coxsackie B type 4  Moamen AL Zoubi, Advocate Illinois Masonic Medical Center, USA  Title: Detection of Beijing genotype of MDR M. tuberculosis by targeting Rv2820 gene and their association with drug resistance mutations in katG, rpoB and embB  Anamika Gupta, Boston University School of Medicine, USA  Title: Pediatric gastrointestinal basidiobolomycosis  Mojdeh Habibi Zoham, Tehran University of Medical Sciences, Iran  Title: Antibody response patterns against Schistosoma haematobium in some Sudanese individuals	
Poster Judge Poster Judge ID01	Otache Adah Emmanuel, University of Nigeria, Nigeria  Title: Investigation of the role of the sRNA RyhB in regulating the locus of enterocyte effacement pathogenicity Island in enteropathogenic Escherichia coli  Marisa Egan, Saint Joseph's University, USA  Poster Presentations @ 15:35-16:40  Estef Stienstra, Dutch Armed Forces / Royal Dutch Navy, Netherlands Ester Maria Luisa G Daroy, St. Luke's Medical Center, Philippines  Title: Recurrent cardiac tamponade secondary to coxsackie B type 4  Moamen AL Zoubi, Advocate Illinois Masonic Medical Center, USA  Title: Detection of Beijing genotype of MDR M. tuberculosis by targeting Rv2820 gene and their association with drug resistance mutations in katG, rpoB and embB  Anamika Gupta, Boston University School of Medicine, USA  Title: Pediatric gastrointestinal basidiobolomycosis  Mojdeh Habibi Zoham, Tehran University of Medical Sciences, Iran  Title: Antibody response patterns against Schistosoma haematobium in some Sudanese individuals residents in an endemic area	
Poster Judge Poster Judge ID01 ID02 ID03	Otache Adah Emmanuel, University of Nigeria, Nigeria Title: Investigation of the role of the sRNA RyhB in regulating the locus of enterocyte effacement pathogenicity Island in enteropathogenic Escherichia coli Marisa Egan, Saint Joseph's University, USA  Poster Presentations @ 15:35-16:40  Escherichia Stienstra, Dutch Armed Forces / Royal Dutch Navy, Netherlands Escherichia Godaroy, St. Luke's Medical Center, Philippines Title: Recurrent cardiac tamponade secondary to coxsackie B type 4 Moamen AL Zoubi, Advocate Illinois Masonic Medical Center, USA Title: Detection of Beijing genotype of MDR M. tuberculosis by targeting Rv2820 gene and their association with drug resistance mutations in katG, rpoB and embB Anamika Gupta, Boston University School of Medicine, USA Title: Pediatric gastrointestinal basidiobolomycosis Mojdeh Habibi Zoham, Tehran University of Medical Sciences, Iran Title: Antibody response patterns against Schistosoma haematobium in some Sudanese individuals residents in an endemic area Hammad Awad Malik, National Ribat University, Sudan	
Poster Judge Poster Judge ID01 ID02 ID03	Otache Adah Emmanuel, University of Nigeria, Nigeria  Title: Investigation of the role of the sRNA RyhB in regulating the locus of enterocyte effacement pathogenicity Island in enteropathogenic Escherichia coli  Marisa Egan, Saint Joseph's University, USA  Poster Presentations @ 15:35-16:40  Estef Stienstra, Dutch Armed Forces / Royal Dutch Navy, Netherlands Ester Maria Luisa G Daroy, St. Luke's Medical Center, Philippines  Title: Recurrent cardiac tamponade secondary to coxsackie B type 4  Moamen AL Zoubi, Advocate Illinois Masonic Medical Center, USA  Title: Detection of Beijing genotype of MDR M. tuberculosis by targeting Rv2820 gene and their association with drug resistance mutations in katG, rpoB and embB  Anamika Gupta, Boston University School of Medicine, USA  Title: Pediatric gastrointestinal basidiobolomycosis  Mojdeh Habibi Zoham, Tehran University of Medical Sciences, Iran  Title: Antibody response patterns against Schistosoma haematobium in some Sudanese individuals residents in an endemic area	
Poster Judge Poster Judge ID01 ID02 ID03 ID04	Otache Adah Emmanuel, University of Nigeria, Nigeria  Title: Investigation of the role of the sRNA RyhB in regulating the locus of enterocyte effacement pathogenicity Island in enteropathogenic Escherichia coli  Marisa Egan, Saint Joseph's University, USA  Poster Presentations @ 15:35-16:40  Escherichia Coli  Marisa Egan, Saint Joseph's University, USA  Poster Presentations @ 15:35-16:40  Escherichia Colie  Marisa Egan, Saint Joseph's University, USA  Poster Presentations @ 15:35-16:40  Escherichia Colie  Marisa Egan, Saint Joseph's University, USA  Title: Recurrent Cardiac tamponade Secondary to Coxsackie B type 4  Moamen AL Zoubi, Advocate Illinois Masonic Medical Center, USA  Title: Detection of Beijing genotype of MDR M. tuberculosis by targeting Rv2820 gene and their association with drug resistance mutations in katG, rpoB and embB  Anamika Gupta, Boston University School of Medicine, USA  Title: Pediatric gastrointestinal basidiobolomycosis  Mojdeh Habibi Zoham, Tehran University of Medical Sciences, Iran  Title: Antibody response patterns against Schistosoma haematobium in some Sudanese individuals residents in an endemic area  Hammad Awad Malik, National Ribat University, Sudan  Title: Detection and quantification of pro-inflammatory cytokine in sera and urine of Sudanese	
Poster Judge Poster Judge ID01 ID02 ID03 ID04	Otache Adah Emmanuel, University of Nigeria, Nigeria  Title: Investigation of the role of the sRNA RyhB in regulating the locus of enterocyte effacement pathogenicity Island in enteropathogenic Escherichia coli  Marisa Egan, Saint Joseph's University, USA  Poster Presentations @ 15:35-16:40  Estef Stienstra, Dutch Armed Forces / Royal Dutch Navy, Netherlands Estematical Center, Philippines  Title: Recurrent cardiac tamponade secondary to coxsackie B type 4  Moamen AL Zoubi, Advocate Illinois Masonic Medical Center, USA  Title: Detection of Beijing genotype of MDR M. tuberculosis by targeting Rv2820 gene and their association with drug resistance mutations in katG, rpoB and embB  Anamika Gupta, Boston University School of Medicine, USA  Title: Pediatric gastrointestinal basidiobolomycosis  Mojdeh Habibi Zoham, Tehran University of Medical Sciences, Iran  Title: Antibody response patterns against Schistosoma haematobium in some Sudanese individuals residents in an endemic area  Hammad Awad Malik, National Ribat University, Sudan  Title: Detection and quantification of pro-inflammatory cytokine in sera and urine of Sudanese patients infected with Schistosoma haematobium	
Poster Judge Poster Judge ID01 ID02 ID03 ID04	Otache Adah Emmanuel, University of Nigeria, Nigeria  Title: Investigation of the role of the sRNA RyhB in regulating the locus of enterocyte effacement pathogenicity Island in enteropathogenic Escherichia coli  Marisa Egan, Saint Joseph's University, USA  Poster Presentations @ 15:35-16:40  Estef Stienstra, Dutch Armed Forces / Royal Dutch Navy, Netherlands Esteria Luisa G Daroy, St. Luke's Medical Center, Philippines  Title: Recurrent cardiac tamponade secondary to coxsackie B type 4  Moamen AL Zoubi, Advocate Illinois Masonic Medical Center, USA  Title: Detection of Beijing genotype of MDR M. tuberculosis by targeting Rv2820 gene and their association with drug resistance mutations in katG, rpoB and embB  Anamika Gupta, Boston University School of Medicine, USA  Title: Pediatric gastrointestinal basidiobolomycosis  Mojdeh Habibi Zoham, Tehran University of Medical Sciences, Iran  Title: Antibody response patterns against Schistosoma haematobium in some Sudanese individuals residents in an endemic area  Hammad Awad Malik, National Ribat University, Sudan  Title: Detection and quantification of pro-inflammatory cytokine in sera and urine of Sudanese patients infected with Schistosoma haematobium  Hassan Musa, National Ribat University, Sudan	
Poster Judge Poster Judge ID01 ID02 ID03 ID04	Otache Adah Emmanuel, University of Nigeria, Nigeria  Title: Investigation of the role of the sRNA RyhB in regulating the locus of enterocyte effacement pathogenicity Island in enteropathogenic Escherichia coli  Marisa Egan, Saint Joseph's University, USA  Poster Presentations @ 15:35-16:40  Estef Stienstra, Dutch Armed Forces / Royal Dutch Navy, Netherlands Est Maria Luisa G Daroy, St. Luke's Medical Center, Philippines  Title: Recurrent cardiac tamponade secondary to coxsackie B type 4  Moamen AL Zoubi, Advocate Illinois Masonic Medical Center, USA  Title: Detection of Beijing genotype of MDR M. tuberculosis by targeting Rv2820 gene and their association with drug resistance mutations in katG, rpoB and embB  Anamika Gupta, Boston University School of Medicine, USA  Title: Pediatric gastrointestinal basidiobolomycosis  Mojdeh Habibi Zoham, Tehran University of Medical Sciences, Iran  Title: Antibody response patterns against Schistosoma haematobium in some Sudanese individuals residents in an endemic area  Hammad Awad Malik, National Ribat University, Sudan  Title: Detection and quantification of pro-inflammatory cytokine in sera and urine of Sudanese patients infected with Schistosoma haematobium  Hassan Musa, National Ribat University, Sudan  Title: A systematic review of studies investigating the effect of honey and citrus on Streptococcus	
Poster Judge Poster Judge ID01 ID02 ID03 ID04	Otache Adah Emmanuel, University of Nigeria, Nigeria  Title: Investigation of the role of the sRNA RyhB in regulating the locus of enterocyte effacement pathogenicity Island in enteropathogenic Escherichia coli  Marisa Egan, Saint Joseph's University, USA  Poster Presentations @ 15:35-16:40  Est Stienstra, Dutch Armed Forces / Royal Dutch Navy, Netherlands Est Maria Luisa G Daroy, St. Luke's Medical Center, Philippines  Title: Recurrent cardiac tamponade secondary to coxsackie B type 4  Moamen AL Zoubi, Advocate Illinois Masonic Medical Center, USA  Title: Detection of Beijing genotype of MDR M. tuberculosis by targeting Rv2820 gene and their association with drug resistance mutations in katG, rpoB and embB  Anamika Gupta, Boston University School of Medicine, USA  Title: Pediatric gastrointestinal basidiobolomycosis  Mojdeh Habibi Zoham, Tehran University of Medical Sciences, Iran  Title: Antibody response patterns against Schistosoma haematobium in some Sudanese individuals residents in an endemic area  Hammad Awad Malik, National Ribat University, Sudan  Title: Detection and quantification of pro-inflammatory cytokine in sera and urine of Sudanese patients infected with Schistosoma haematobium  Hassan Musa, National Ribat University, Sudan  Title: A systematic review of studies investigating the effect of honey and citrus on Streptococcus Pyogenes	

ID08	Title: Meningitis, intracranial abscess and suppurative thrombophlebitis of the lateral and/or cavernous sinuses are dreadful complications of chronic infectious/inflammatory conditions of the middle ear: A rare case of meningitis caused by recurrent cholesteatoma
	Veeraraghavan Meyyur Aravamudan, National University Hospital, Singapore
ID09	Title: Evaluating the prevalence of drug resistance in intermittent preventive treatment for malaria during pregnancy
	Onyinye Jane Onyemaechi, First Moscow State Medical University, Russian Federation
ID10	Title: Puerto Rico University Pediatric Hospital Zika protocol
	Leticia Gely, University of Puerto Rico, USA

Networking and Refreshment Break 16:40-17:00 @ Foyer's

Day 3

August 26, 2016

#### **Independence B Hall**

	Keynote Forum
09:00-09:30	Title: New macrolides: A much needed evolution Glenn S Tillotson, Cempra Pharmaceuticals, USA
09:30-10:00	<b>Title: Rationale approach to combat resistance Eugenie Bergogne-Berezin,</b> Centre Hospitalo-Universitaire Bichat- Claude Bernard University Diderot, France
10:00-10:30	Title: Investing in public health gives especially in low income countries extremely impressive returns Stef Stienstra, Dutch Armed Forces / Royal Dutch Navy, Netherlands
10:30-11:00	<b>Title: Emerging and re-emerging infections Ashok Kapse,</b> Mahavir Super Specialty Hospital, India
11:00-11:30	Title: Infectious disease progression modelling Lalit Garg, University of Malta, Malta
	Networking and Refreshment Break 11:30-11:50 @ Foyer's
11:50-12:20	Title: Automated chest X-ray screening for the evidence of pulmonary abnormalities K C Santosh, University of South Dakota, USA

Track 06: Clinical Studies and Case Reports

Track 09: Mechanism of Resistance

Track 15: Tuberculosis
Track 16: Hepatitis

**Track 25: Antibiotic Resistance** 

Session Chair: Stef Stienstra, Dutch Armed Forces / Royal Dutch Navy, Netherlands

Session Chair: Rachel Groppo, Sanofi Pasteur, USA

Session Introduction

Title: Volatile compounds in the stem bark of Sclerocarya birrea (Anacardiaceae) possess

12:20-12:40 antimicrobial activity against drug-resistant strains of Helicobacter pylori

Roland Ndip Ndip, University of Buea, Cameroon

Title: Fever protocol at emergency department to reduce the use of antibiotics and antibiotic

12:40-13:00 resistance

Neeraj Kumar Tulara, Dr L H Hiranandani Hospital, India

Title: Development of nano-based microemulsion from tea tree oil and silver nanoparticles and assessment of their enhanced antimicrobial activities against representative wound infecting

13:00-13:20 ussessing pathogens

Ashraf Osman Abdellatif Mohamed, Cairo University, Egypt

Award Presentations and Closing Ceremony @ 13:20-13:30

Lunch Break 13:30-14:30 @ Benzamin's
