6TH ANNUAL CONGRESS ON

PARASITOLOGY & INFECTIOUS DISEASES

NOVEMBER 15-16, 2018 ISTANBUL, TURKEY

INFECTIOUS DISEASES CONGRESS 2018

Conference series

47 Churchfield Road, London, W3 6AY, UK

Direct: +1-650-889-4686 Ext: 6023, Tel: +1 (800) 216 6499

E-Mail: parasitology@memeetings.net / rohit.casper@memeetings.net

09:00-9:30

Registration Opens

Akdeniz 1

9:30-10:00

Opening Ceremony

Introduction

10:00-10:45

Keynote Presentation

Title: Understanding parasites and cancer in the United States
 Omar M Amin, Parasitology Center Inc., USA

Group photo and Networking & Refreshments 10:45-11:05

11:05-11:50

Keynote Presentation

Title: Monogenean taxonomy: A bird's eye view
 Hridaya Shanker Singh, C C Singh University, India

Scientific Sessions: Parasitology | Zoonotic Infectious Diseases | Airborne, Vector borne & Contact Infectious Diseases | Paediatric Infectious Diseases | Nosocomial Parasitic Infections

Session Chair: **Ramadan A M Ramadan**, Agriculture Research Center, Egypt

11:50-12:20

Title: Helminthes in Feral raccoon (*Procyon lotor*) as an alien species in Iran
 Meysam Sharifdini, Guilan University of Medical Sciences, Iran

12:20-12:50

Title: High association of intestinal parasites with cancer and organ transplant recipient patients in Turkey
 Ozer Akgul, Istanbul Aydin University, Turkey

Lunch Break 12:50-13:40 @ Daphe Restaurant

13:40-14:10

Title: Prevalence and economic impact of haemonchosis among sheep in some semi-closed system farms in Bahrain

Abdalla Fadlalla Azrug Ahmed, Agriculture and Marine Resources Affairs, Bahrain

14:10-14:40

Title: Genetic variants within the strains of *Echinococcus granulosus* by mitochondrial DNA sequencing

Layla Omran Elmajdoub, Misurata University, Libya

14:40-15:10

Title: *Donax trunculus* (Bivalvia, Donacidae) infestation with *Bacciger bacciger* (Trematoda, Fellodistomidae) at Port Said coastal zone (Mediterranean Sea)

Ramadan A M Ramadan, Agriculture Research Center, Egypt

Networking & Refreshments 15:10-15:30 @ Foyer

Video Presentation

15:30-16:00

Title: Assessment of KAP regarding HIV testing among military personnel in Omdurman military area 2017 - Sudan

Adam Suliman, Communicable Diseases Control at Military Medical Services, Sudan

Panel Discussion

Akdeniz 1

Scientific Sessions: Parasitic Diseases & Plant Pathogens | Infectious Diseases and Health Care | Laboratory Diagnosis - Therapeutic Parasitology

Session Chair: **Fatma Hamed Shalan**, Menofia University, Egypt

Session Co-Chair: **Asmaa Ibrahim Nasr**, Cairo University, Egypt

Special Session

10:00-11:00

Title: Variability of Acanthocephalans

Omar M Amin, Parasitology Center Inc., USA

Networking & Refreshments 11:00-11:20 @ Foyer

11:20-11:50

Title: *Helicobacter pylori* and enteric parasites co-infection among Egyptian children: Estimated risks, and predictive factors

Asmaa Ibrahim Nasr, Cairo University, Egypt

11:50-12:20

Title: *In vitro* effects of Pumpkin (*Cucurbita moschata*) seed extracts on *Echinococcus granulosus* protoscoleces

Zahra Hesari, Guilan University of Medical Sciences, Iran

12:20-12:50

Title: Anticoccidial effect of garlic (*Allium sativum*) and ginger (*Zingiber officinale*) against experimentally induced coccidiosis in broiler chickens

Rifat Ullah Khan, The University of Agriculture, Pakistan

Lunch Break 12:50-13:40 @ Daphe Restaurant

13:40-14:10

Title: A review of Monogenean diversity in India: Pathogens of fish diseases

Hridaya Shanker Singh, C. C. Singh University, India

14:10-14:40

Title: Mesenchymal stem cell as a cure for brain damage induced by chronic *Toxocara canis* infection in an experimental mouse model

Fatma Hamed Shalan, Menofia University, Egypt

Poster Presentations

INF-01

Title: The role of MORN1 in the intraerythrocytic life cycle of *Plasmodium falciparum*

Cornelia Voigtlander, Institute of Medical Biotechnology, Germany

INF-02

Title: Co-existence of Dengue Fever & Malaria in thrombocytopenic patients presented with Acute febrile illness

Faisal Moin, Oman Medical College, Oman

INF-03

Title: Impact of mass treatment and health education on the prevalence of *Schistosoma haematobium* among school children in four villages, White Nile State, Sudan

Mohammed Hussein Eltoum Salih, Karary University, Sudan

Panel Discussion

Closing Ceremony
