### Tentative Program

**2nd International Conference on Internal Medicine and Hospital Medicine**

**September 13-14, 2017 Dallas, USA**

Day 1  September 13, 2017

#### Keynote Speech on Internal Medicine 2017

**Patient-centered care-How to convert your practice into a patient-centered care facility?**

Inka Nisinbaum, Heinrich-Heine University, Germany

#### Keynote Speech

**Genome-wide CRISPR screen reveals a druggable target of sorafenib in hepatocellular carcinoma**

Weijian Sun
Department of Surgery, The Second Affiliated Hospital and Yuying Children’s Hospital of Wenzhou Medical University, Wenzhou, China

---

#### Speaker Sessions

- **Title: Patient-centered care-How to convert your practice into a patient-centered care facility?**
  - Inka Nisinbaum, Heinrich-Heine University, Germany
- **Title: Genome-wide CRISPR screen reveals a druggable target of sorafenib in hepatocellular carcinoma**
  - Weijian Sun, The Second Affiliated Hospital and Yuying Children’s Hospital of Wenzhou Medical University, China

### Workshop

- **Title: Opioid Tolerance Leveling: A novel strategy to manage pain safely and effectively in hospitalized non-surgical patients**
  - Neetu Mahendraker USA
- **Clinical Vignette Abdominal pain and Appendicitis, expanding the differential**
  - Daniel Kozicki USA
- **Pancreatitis; not always about alcohol or gallstones**
  - Namra Butt USA

---

NOTE: Program Schedule is subject to change with final allotment of the speaker slots
| The translational research of adrenomedullin: Adrenomedullin as a Potential Therapeutic Agent for Ulcerative Colitis |
| KAZUO KITAMURA Taiwan |
| For the eye altering, alters the all |
| Anne-Marie BOGAERT, Nephrologist-Internist, Belgium |
| Transformation of inpatient care - It is time to revolutionize primary care |
| Venkataraman Palabindala, Division Chief of Hospital Medicine University of Mississippi Medical Center (UMC) USA |
| Adult Working Group Myelodysplasia and Leukemia |
| Gustavo Rivero Baylor College of Medicine USA |

| Day 2  September 14, 2017 |
| Expression of stem cell marker Bmi1 in invasive breast cancer and correlation with estrogen receptor, progesterone receptor, HER2/neu, and ki67 |
| Sara El Sayed Khalifa Kasr El Aini, Cairo University Egypt |
| The role of Cyproheptadine in the treatment of Hepatocellular Carcinoma |
| Feng Yu Min, Ditmanson Medical Foundation Chia-Yi Christian Hospital, Taiwan |

| Coffee Break 11:15-11:35 @ FOYER |
| Osteopontin as a marker for response to Pegylated Interferon Alpha-2b treatment in Chronic HCV Saudi patients |
| El Askary Ahmed, Al-Azhar University, Egypt |
| Jagged-1 secreted by stromal cells mediated the different response of HSCs and HPCs to leukemic condition |
| Chen Tian, Tianjin Medical University Cancer Institute and Hospital, China |
| Cerebrospinal Fluid as Marker to Determine Neurological Manifestations in HIV patients |
| M. Srinivasa Rao, Guntur Medical College & Govt. General Hospital, India |

| Coffee Break 15:30-15:50 @ FOYER |
| UTILIZATION OF OUTPATIENT INFUSIONS TO SUCCESSFULLY MANAGE HIGH OUTPUT OSTOMY |
| William Reichert, University Medical Center Phoenix, USA |
| Nailfold Capillaroscopy in Diabetes Mellitus |
| Génésis Maldonado, Department of Rheumatology, Universidad Espíritu Santo, Ecuador USA |

| Keynote Session |
| Osteopontin as a marker for response to Pegylated Interferon Alpha-2b treatment in Chronic HCV Saudi patients |
| El Askary Ahmed, Al-Azhar University, Egypt |
| Jagged-1 secreted by stromal cells mediated the different response of HSCs and HPCs to leukemic condition |
| Chen Tian, Tianjin Medical University Cancer Institute and Hospital, China |
| Cerebrospinal Fluid as Marker to Determine Neurological Manifestations in HIV patients |
| M. Srinivasa Rao, Guntur Medical College & Govt. General Hospital, India |

| Lunch Break 13:15-14:00 @ TIBURON |
| COMMUNITY CLINICS, A NEW FRONTIER IN DELIVERY OF PRIMARY HEALTH CARE, THE CASE STUDY OF KIBRA IN NAIROBI CITY |
| S. M. Mwavua, University of Nairobi College of Health Sciences, Kenya |
| Short-term prognostic accuracy of Positron Emission Tomography (PET) stress testing for post-operative cardiac complications in liver transplant patients |
| Cornelius Njoku Imo State University Teaching Hospital, Imo State, Nigeria |

| Coffee Break 11:15-11:35 @ FOYER
Poster Sessions

An Uncommon Condition: Hypomyopathic Dermatomyositis
Alvaro J. Ramos-Rodriguez, Icahn School of Medicine at Mount Sinai West and St. Luke’s, USA

Optimizing Patient Show Rate in the Outpatient Clinic by Implementing a Modified Reminder System for Scheduled Appointments
Alvaro J. Ramos-Rodriguez, Icahn School of Medicine at Mount Sinai West and St. Luke’s, USA

A Rare Case of Submassive Pulmonary Embolism in a Krav Maga Practitioner
Alvaro J. Ramos-Rodriguez, Icahn School of Medicine at Mount Sinai West and St. Luke’s, USA

Use of newer stool based methods to screen for colorectal cancer: perceptions and practices of faculty primary care physicians
Mohan Akansha, Baylor College of Medicine, Houston, Texas

How frequently do complications occur during screening colonoscopy: erroneous estimates by faculty primary care physicians
Mohan Akansha, Baylor College of Medicine, Houston, Texas

Extranodal Non-Hodgkin’s lymphoma
Sara Haddadi, Shiraz University of Medical Sciences, Iran

Impact of hypothyroidism on occurrence and outcome of acute coronary syndrome: a retrospective analysis from a large inpatient database
Rashmi Dhital, Reading Health System, PA, USA

A CASE OF ASYMPTOMATIC LEFT VENTRICULAR OUTFLOW TRACT PSEUDOANEURYSM
Badar Hasan, University of Missouri – Kansas City School of Medicine, USA

Pneumococcal polyarticular septic arthritis: A diagnostic challenge
Badar Hasan, University of Missouri – Kansas City School of Medicine, USA

Telemedicine
Anas H. Al-Sharqi, Azadi Teaching Hospital, Iraq

Descriptive and Analytic Prevalence study on different stages of CKD among TDF users of pregnant and lactating women based on eGFR-cg, and MDRD-4 and associated factors in North East Amhara Hospital, Ethiopia

Aminasnafi, Ahvaz Jondi Shapour University of Medical Sciences, Ahvaz, Iran

Karen Avgush, USA
Signs, Symptoms and Complications of Non-Hodgkin's Lymphoma According to Grade and Stage in South Iran
Sara Haddadi, Shiraz University of Medical Sciences, Iran

Transitions of Care
Abigail Dee Antigua, North Florida Regional Medical Center, USA

**Young Researcher Forum**

Physical Hazards Safety Awareness Among Health Care Workers in Tanta University Hospitals
Rania M Elsalamy, TANTA UNIVERSITY HOSPITALS, Egypt

Knowledge, Attitude, and Practice towards Ergonomics among Undergraduates of Faculty of Dentistry, Tanta University, Egypt
Rania M Elsalamy, TANTA UNIVERSITY HOSPITALS, Egypt

Assessment of Awareness of Chronic Complications of Diabetes among Diabetes Mellitus Patients’ in Ras-Al-Khaimah, UAE
Adila Chamavaliyathil, RAK Medical and Health Sciences University, UAE

Panel Discussion

**Speaker Slots Available for Oral and Poster Category**
Major Scientific Sessions

- Internal Medicine and Primary Care
- Internal Medicine and Hospital Medicine
- Internal Medicine and Critical Care
- Internal Medicine and Treatment Strategies
- Internal Medicine and Epidemiology
- Internal Medicine and Adult Diseases
- Internal Medicine and Infectious Disease
- Internal Medicine and Diagnosis
- Internal Medicine and Gynecology
- Case Reports and Case Studies in Internal Medicine
- Internal Medicine and Cancer
- Internal Medicine and Adult Immunization or Vaccination
- Internal Medicine and Healthcare
- Internal Medicine and Adolescent Medicine
- Internal Medicine and Geriatrics
- Internal Medicine and Sleep Medicine
- Internal Medicine and Pediatrics
- Internal Medicine and Sports Medicine
- Primary care Psychology
- Internal Medicine and Multi System Disease Process
- Internal Medicine and Clinical Pharmacist
- Internal Medicine and Telemedicine

Best Poster Award

- You will be given about 5-7 minutes to present your poster including questions and answers. Judges may pose questions during the evaluation of the poster
- Judges will even evaluate the student’s enthusiasm towards their study, interest and knowledge in the area of their research
- The winners will be announced at the closing ceremony of the conference. The decision of the winner will be withdrawn if the winner/winners is/are not present at the time of announcement
- Apart from the judging time you may also be present at the poster to share your research with interested delegates

Young Researchers Forum

- Present your research through oral presentations
- Learn about career development and the latest research tools and technologies in your field
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research
- Develop a foundation for collaboration among young researchers
- The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe
- Interact and share ideas with both peers and mentors

General Queries
internalmedicine@conferenceseries.net
Dallas is a major city in the state of Texas and is the largest urban center of the fourth most populous metropolitan area in the United States. The city proper ranks ninth in the U.S. and third in Texas after Houston and San Antonio. The city’s prominence arose from its historical importance as a center for the oil and cotton industries, and its position along numerous railroad lines. The bulk of the city is in Dallas County, of which it is the county seat; however, sections of the city are located in Collin, Denton, Kaufman, and Rockwall counties. According to the 2010 United States Census the city had a population of 1,197,816. The United States Census Bureau’s estimate for the city’s population increased to 1,300,092 as of July 1, 2015.

The city is the largest economic center of the 12-county Dallas–Fort Worth–Arlington metropolitan area (commonly referred to as DFW), which had a population of 7,102,796 as of July 1, 2015, representing growth in excess of 676,000 people since the 2010 census. In 2014, the metropolitan economy surpassed Washington, DC to become the fifth largest in the United States, with a 2014 real GDP over $504 billion. In 2013, Dallas was rated as a “beta plus” world city by the Globalization and World Cities Study Group & Network and was 14th in world rankings of GDP by the Organisation for Economic Co-operation and Development.

Located in North Texas, Dallas is the main core of the largest metropolitan area in the South and the largest inland metropolitan area in the United States that lacks any navigable link to the sea. Dallas and nearby Fort Worth were developed due to the construction of major railroad lines through the area allowing access to cotton, cattle, and later oil in North and East Texas. The construction of Dallas/Fort Worth International Airport, one of the largest and busiest airports in the world.

Opening Ceremony

Keynote Forum

Introduction

Title: Obesity management - A global challenge
Flavio Adsuara Cadegiani, University of Sao Paulo, Brazil

Symposium: Multidisciplinary Approaches to Complications of Diabetes Mellitus

Title: Challenges in controlling complicated diabetics
Tamis Bright, Texas Tech University Health Sciences Center, USA

Title: Diabetic nephropathy: A multiprong approach
Pedro Blandon, Texas Tech University Health Sciences Center, USA
Title: Diabetic Neuropathy
Paisith Piriyawat, Texas Tech University Health Sciences Center, USA
Title: New perspectives in the diagnosis and treatment of diabetic gastroparesis
Irene Sarosiek, Texas Tech University Health Sciences Center, USA

Networking and Refreshment Break @ FOYER

Lunch Break @ TIBURON

Major Sessions:
Internal Medicine and Primary care | Internal Medicine and Critical care | Internal Medicine and Diagnosis | Internal Medicine and Multi System Disease Process | Internal Medicine and Adult disease

Session Chair: Irene Sarosiek, Texas Tech University Health Sciences Center, USA
Session Co-chair: Tamis Bright, Texas Tech University Health Sciences Center, USA

Session Introduction

Title: Critical care neurocardiology
S Manimala Rao, Yashoda Hospitals, India
Title: Dysnatremia in intensive care
Khalil Ahmad, Rashid Hospital, UAE
Title: Diagnosis and management of acute kidney injury in intensive care
Khalil Ahmad, Rashid Hospital, UAE

Networking and Refreshment Break @ FOYER

Title: Heart failure: What everyone has to know
Seemin Afshan Shiraz, Medeor 24x7 Hospital, UAE
Title: Don’t cry for me radiographia: Plain abdominal radiographs for non-traumatic acute abdominal pain
Mohamed Elmutasim Abd El Bagi, King Abdulaziz Medical City, KSA

Panel Discussion

Day 2    November 01, 2016

Redwood
Title: Update on atrial fibrillation
Seemin Afshan Shiraz, Medeor 24x7 Hospital, UAE

Networking and Refreshment Break @ FOYER

Major Sessions:
- Case Reports and Case Studies in Internal Medicine
- Internal Medicine and Treatment Strategies
- Internal Medicine and Infectious disease
- Internal Medicine and Diagnosis
- Internal Medicine and Gynecology
- Internal Medicine and Sports Medicine
- Internal Medicine and Epidemiology
- Internal Medicine and Cancer
- Internal Medicine and Geriatrics

Session Chair: Irene Sarosiek, Texas Tech University Health Sciences Center, USA
Session Co-chair: Paisith Piriyawat, Texas Tech University Health Sciences Center, USA

Session Introduction

Title: Comparative secretomics reveals wound environment acidification-associated secretome and novel microbial virulence factors for group A Streptococcus pyogenes infection
Pao-Chi Liao, National Cheng Kung University, Taiwan

Title: Neil Armstrong syndrome and impaired thermoregulation
William J Rowe, Medical University of Ohio at Toledo, USA

Title: Kidney injury molecule-1 (kim-1) as an early marker for acute kidney injury in critically ill patients
Kareem Salah, Menoufia University, Egypt

Workshop

Title: What to do when I don’t have a diagnosis?
Seemin Afshan Shiraz, Medeor 24x7 Hospital, UAE

Lunch Break @ TIBURON

Title: What to do when I don’t have a diagnosis?
Seemin Afshan Shiraz, Medeor 24x7 Hospital, UAE

Video Presentation

Title: Familial hypercholesterolemia. From experiences of lipid clinic to the international network
Richard Ceska, General University Hospital Prague, Czech Republic

Poster Presentation & Networking and Refreshment Break

Awards Function & Closing Ceremony

- CYT01
  Title: Potential of a pharmacogenetic-guided algorithm to predict optimal Warfarin dosing in a high-risk Hispanic patient: Role of a novel NQO1*2 polymorphism
  Dagmar F Hernandez-Suarez, University of Puerto Rico, Puerto Rico

- CYT02
  Title: Comparison of the human papilloma viruses in fertile and infertile women
  Ayda Javanbakht, Mashhad University of Medical Sciences, Iran

- CYT03
  Title: Kodamaea ohmeri: Unusual case of fungemia and endocarditis successfully treated with Fluconazole
  Reinaldo Ramirez Amill, University of Puerto Rico, Puerto Rico

- CYT04
  Title: A rare case of Hodgkin’s lymphoma in an accessory spleen
  Odianosen Obadan, St. John’s Episcopal Hospital, USA

- CYT05
  Title: Short acting beta agonist induced muscle cramps
  Kuladeep Krishna Gidda, Decatur Memorial Hospital, USA

- CYT06
  Title: Cultured media containing bacterial flora could be a better alternative to fecal transplantation in treating recurrent Clostridium difficile colitis
  Gianna Guzzardo, Trinity School of Medicine, Saint Vincent and the Grenadines

- CYT07
  Title: Chilaiditi syndrome: Air under diaphragm clinical vignette not always a surgical emergency
  Hansini Laharwani, Pinnacle Health, USA
Title: Atypical biomarker combination in a young male with primary mediastinal yolk sac tumor: Case report

Karid Nieves Borrero, University of Puerto Rico, Puerto Rico

Day 3  November 02, 2016
B 2 B Networking

Lunch Break @ TIBURON
