Welcome Message

Dear Colleagues,

Conference Series extends its welcome to International conference on Reproductive Health, Infertility and IVF during March 26-27, 2020 at Kyoto, Japan with the theme “Recent Advancements in Infertility and IVF”. Conference Series through its Open Access Initiative is committed to make genuine and reliable contributions to the Gynecology community.

Conference Series Organizes 1000+ Conferences Every Year across USA, Europe & Asia with support from 1000 more scientific societies and Publishes 700+ Open access journals which contains over 100000 eminent personalities, reputed scientists as editorial board members.

IVF Health 2020 Conference will focus on educational research directed toward its impact on Gynecology outcomes, through oral and poster presentations, educational workshop sessions, and influential plenary presentations. IVF Health 2020 is a perfect platform to find out how Infertility research innovations are helpful in the treatment of various Reproductive Health Issues. Conference will focus on the following topics during presentations of the two-day event, which reflect current education, research, developments and innovations internationally in the field of Reproductive Health, Infertility and IVF.

Conference Highlights

- Women’s Health
- Reproductive health and Medicine
- Medical Complications in Pregnancy
- Obstetrics and Gynecology
- Reproductive Endocrinology
- Adolescent and Maternal health
- Fertility and Infertility
- Female infertility
- Male Reproductive Cancers and Infertility

- Sexually transmitted diseases
- Endometriosis
- Assisted reproductive technology
- IVF Treatment
- Embryo culture
- Embryo development
- Embryo transfer
- Early Birth And Birth Defects
- Risks associated with in vitro fertilization

https://ivf.healthconferences.org
Who Should Attend?
This activity has been designed to meet the educational needs of Academicians including Professors, PhD Scholars, Students carrying out laboratory and field studies, Industrial Giants, gynaecologists, Infertility specialist, Endocrinologists, IVF specialist, Embryologist, Physicians, Nurses, Reproductive Health experts, Students, Gynecology Associations and Societies, IVF Faculty, Business Entrepreneurs, Manufacturing Medical Devices Companies, Research Institutes and members, Supply Chain companies, Manufacturing Companies, Training Institutes, Business Entrepreneurs are encouraged to attend.

Abstract Information: Oral / Poster Presentation Guidelines

Oral Presentations are generally split into TWO categories, as follows:

1. Plenary Lectures
   - Each Plenary lecture is 25 minutes in length and comprises one presentation. We recommend you plan to present for approximately 20 minutes with 5 minutes for questions/discussion.
   - Where Plenary Lectures are presented as debates, each of two speakers should plan to present for 20 minutes, allowing five minutes for closing questions and conclusions. We recommend that invited speakers communicate in advance of the Moderator so that presentations may be coordinated.

2. Oral Sessions
   - Each Oral Session is 60 minutes in length and comprises two presentations, of 30 minutes each. We recommend that you plan to present for approximately 15 minutes, allowing time for questions/discussion at the end of the presentation.
   - Please prepare your presentation in 16:9 format (screen are in format 16:9). We recommend you to save your PowerPoint presentation using PPT(X) format instead of PPS.
   - A technician is available in every session room to provide assistance when needed. Due to the online presentation system, all speakers are kindly requested to use provided PC onsite. Please be present in the session room 15 minutes prior the start of your session and follow the instructions from the Chairs and/or technician.
   - During your presentation a remote control will be available for controlling your presentation. Please observe the time allotted to you as you will not be permitted to speak for longer time.
   - At the end of the Congress, all presentations will be deleted from the presentation system and computers on-site.

Speaker Preview Room
All speakers are asked to upload their presentation at the Speaker Preview Room (located in the Registration area) at least one hour before the beginning of the session or the day before in case of a morning session.
Poster Guidelines

- The poster exhibition will be an integral part of IVF Health 2020.
- The poster exhibition will be located on the exhibition area of the congress center. The area will be clearly signposted from the registration area.

Technical Instructions:

- Posters must be prepared in Portrait style.
- Please DO NOT prepare a landscape poster
- The dimensions should be 100 cm high by 70 cm wide
- Posters should be attached to the boards with stickers, which you will be supplied to the organizers.
- Poster session schedule Posters will be displayed and presented in session.

Please plan to be at your poster and available to answer questions from delegates at the time of your assigned poster session. Posters will be displayed according to the POSTER numbers given by the organizers and will be grouped by sub topic.

Young Researchers Forum

The Young Researchers Forum offers young researchers the possibility to meet and discuss research topics and methodologies, share and develop ideas, learn from each other and gain knowledge from senior researchers.

Young Researcher Sessions are organized at the IVF Health 2020, to provide a unique platform for Young Researchers/Investigators for presenting latest research projects with an in-depth analysis. Young Investigators (e.g. Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty) are the focus of this event. Participants should be below the age of 33 years. All submissions must be in English.

The prize winning papers will be considered for publication in the international journals once the paper is subjected to standard review procedures.

Tourist Attractions
Kyoto is former capital of Japan and for more than a thousand years the centre of traditional Japanese culture and is still considered the Heart and Soul of traditional Japan. It is located 315 miles southwest of Tokyo and 25 miles east of Osaka. Several of the historic temples and gardens of Kyōto were collectively added as a UNESCO World Heritage site in 1994.

Kyoto is a sophisticated blend of the ancient and the modern, an urban environment where museums, four star restaurants and active entertainment venues flourish alongside temples, small shops and quiet neighbourhoods. Kyoto is what most travellers’ dream of when envisioning Japan. This centre of innovation has a reputation for fostering leading research and the development of high technology firms. Kyoto has the highest percentage of academics per capita in Japan with over 40 universities and 50 research organizations. Most of Japan’s Nobel Prizes have been awarded to researchers from Kyoto University.

With a proud cultural heritage and modern goals for the future, Kyoto is absolutely unique in Japan. Kyoto’s highlights include Fushimi Inari Shrine, the Gion geisha district, Arashiyama’s bamboo forest and the historic Higashiyama District. Kyoto is also a culinary centre, and for food lovers there is no better place to begin than “Kyoto’s Kitchen,” the colourful and boisterous Nishiki Market.

You’ll fall in love with KYOTO
