Dear Colleagues

Conference Series proudly announces the **International Liver Congress** scheduled during **December 07-08, 2020** in **Dubai, UAE**. The conference emphasizes the theme “Discovering and Remodeling new treatments for Liver diseases”.

The trends of miniaturized products are driving the market growth, miniaturized semi-conductors and sensor has fuelled the nanomaterial applications for sensor manufacturing giving rise to nanosensors. The global market for Nanosensors can be segmented based on type into optical, electromagnetic and electrochemical. The major application segments of nanosensors are in the field of Automotive and Aerospace, Homeland Defence and Military, Biomedical and Healthcare, etc. Constant R&D on nanotechnology can bring the market advantage of innovative companies. Thus this International Liver Congress will be focusing on all aspects for improving Humans Health.

## *About Dubai*

Dubai is the most crowded and the biggest city in the United Arab Emirates (UAE). It is arranged on the southeast bank of the Persian Gulf and is the capital of the Emirate of Dubai, one of the seven emirates that make up the nation. The city of Dubai is arranged on the emirate's northern coastline and heads the Dubai-Sharjah-Ajman metropolitan region. The emirate of Dubai gives edges to Abu Dhabi in the south, Sharjah in the upper east, and the Sultanate of Oman in the southeast. Dubai ascended as a worldwide city and business focus of the Middle East. It has starting late pulled in world consideration through numerous imaginative vast development tasks and sports occasions. The city has ended up being prominent for its elevated structures and lifted structures, explicitly the world's tallest building, the Burj Khalifa. As in 2012, Dubai was the 22nd most exorbitant city on earth and the most expensive city in the Middle East.
