

3<sup>rd</sup> International Conference on

# VETERINARY & LIVESTOCK

November 02-03, 2017 Bangkok, Thailand

Day 1 November 02, 2017

09:00-09:40 Registrations

## Pailin 2

conference**series**.com

09:40-10:00

## Opening Ceremony

### Keynote Forum

10:00-10:45

Title: Encapsulation process for feed enzymes to improve performance and of certain feed enzymes  
Komireddy Kondal Reddy, PVNRT Veterinary University, India

Networking and Refreshments Break: 10:45-11:00 @Foyer

Group Photo

Session Introduction

#### Sessions:

Livestock and Health | Animal Disease Management & Traceability | Recent Technology in Optimising Livestock Production

Session Chair: D.S.Rawat, Watershed Management Directorate, India

11:00-11:30

Title: The influence of different inorganic phosphorus sources in broilers diet on production results and bone mineralization

Dragan Sefer, Belgrade University, Serbia

11:30-12:00

Title: Prevalence and classification of claw lesions in sows raised in technified farms, Lima- Peru

Jose Antonio Rivera Ulloa, University of Sao Paulo, Brazil

12:00-12:30

Title: Study on Antioxidant activity, growth performance and carcass characteristics in broiler chicken fed with methanolic extract of *Caesalpinia sappan L*

Eswara Prasad P, College of Veterinary Science, India

12:30-13:00

Title: Culture and antibiogram studies in dogs with hemorrhagic gastroenteritis

D. S. Rawat, Watershed Management Directorate, India

Lunch Break: 13:00-14:00 @Public Restaurant

Session Introduction

#### Sessions:

Feed Supplies | Feed Technology and Equipments | Organic Livestock | Livestock Marketing and Animal Welfare

Session Chair: Dragan Sefer, Belgrade University, Serbia

14:00-14:30

Title: The effect of polyethylene glycol on in vitro digestibility of tanniferous browses by goat microbial consortia

Fon Fabian Nde, University of Zululand, South Africa

14:30-15:00

Title: Use of locally available leaf meals for improving growth and controlling parasitic infection in goats of hilly areas in Jammu and Kashmir

Mandeep Singh Azad, Sher-e- Kashmir University of Agricultural Sciences and Technology of Jammu, India

15:00-15:30

Title: Effect of tannin on the fibrolytic potential of domestic, wild and consortia from browsed herbivores microbial ecosystems

Msimango Nokwethemba Nqobile Philile, University of Zululand, South Africa

15:30-16:00

Title: Effect of feeding certain probiotics on the performance of lactating lambs

Komireddy Kondal Reddy, Veterinary College, PVNRT Veterinary University, India

Video Presentation 16:00-16:30

16:00-16:30

Title: Current state of the most popular global fast-growing broilers

Yusuf Leonard Henuk, University of Sumatera Utara, Indonesia

Networking and Refreshments Break: 16:30-17:00 @Foyer

- LS-001** Title: **The changes in fecal appearance according to ages in the absence/presence of enteropathogens**  
**Jinhee kang**, Chonbuk National University, South Korea
- LS-002** Title: **Comparison of physiological factors according to diarrhea severity of calves**  
**Jinhee kang**, Chonbuk National University, South Korea
- LS-003** Title: **Analysis of Relationship between Pathogen Infection Rate and Diarrhea Severity in Hanwoo Calves**  
**Sukhan Jung**, Chonbuk National University, South Korea
- LS-004** Title: **Analysis of inflammatory indicators in Hanwoo Calf (Korean Indigenous Calf) diarrhea**  
**Sukhan Jung**, Chonbuk National University, South Korea
- LS-005** Title: **Nutrition value of pea and effective degradability and digestibility of nutrients of untreated and extruded pea**  
**Maria Chrenkova**, National Agricultural and Food Centre, Slovak Republic
- LS-006** Title: **Comparison of crude protein intestinal digestibility by mobile bag and in vitro methods**  
**Maria Polacikova**, National Agricultural and Food Centre, Slovak Republic
- LS-007** Title: **Permanent rumen and duodenal cannula in heifers for study of forage nutritive value**  
**Matus Rajsky**, National Agricultural and Food Centre, Slovak Republic
- LS-008** Title: **Epidemiological survey of tick-borne infection among pastured Korean indigenous cattle in Republic of Korea**  
**Ji-Hyoung Ryu**, Kyungpook National University, South Korea
- LS-009** Title: **Molecular characterization of Theileria orientalis and Anaplasma bovis in Holstein cattle in the Republic of Korea**  
**Du-Gyeong Han**, Kyungpook National University, South Korea
- LS-010** Title: **Epidemiological survey of bovine Eimeria speices in adult cattle in the Republic of Korea**  
**Du-Gyeong Han**, Kyungpook National University, South Korea
- LS-011** Title: **The source of fiber and Roxazyme® G2 interacted to influence the length of villi in the ileal epithelium of growing pigs fed fibrous corn-soybean diets**  
**Felix Fushai**, University of Venda, South Africa

Panel Discussion

Awards & Closing Ceremony

**Day 2 November 03, 2017**

Networking and Lunch @ Public Restaurant
