Conference Series welcomes you to attend the 8th International Conference on Medical Education and Health Sciences, which is going to be held in Osaka, Japan during October 08-09, 2018.

We cordially invite all the participants who are interested in sharing their knowledge and research in the arena of Medical Education and Health Sciences.

Medical Education Summit 2018 anticipates more than 200 participants around the globe with thought provoking Keynote lectures, Oral Presentations and Poster Presentations. The attending delegates include Editorial Board Members of related International Journals.

This is an excellent opportunity for the delegates from Universities and Institutes to interact with the world class Scientists.

The intending participants can confirm their participation by registering for the conference along with your colleagues. Avail the delegate early bird offer.

The main theme of the conference is “Medical Advances and Health Research Breakthroughs”.

Regards,
Medical Education Summit 2018

**Day Concludes**
The field of Medical and Health Science is growing rapidly, and its development is making tremendous impacts in nursing. Medical availability and clinical practice varies across the world due to regional differences in culture and technology. Modern scientific medicine is highly developed in the Western world, while in developing countries such as parts of Africa or Asia.

Medical Education Summit 2018

- Opportunity to attend the presentations delivered by eminent scientists from all over the world
- Selected contributions will be published in following Conference Series Journals
  - Health Care : Current Reviews
  - Journal of Community Medicine & Health Education
  - Journal of Health Education Research & Development
- Participation in sessions on specific topics on which the conference is expected to achieve progress
- Global networking: In transferring and exchanging Ideas
- Share your excitement in promoting your skills in the field of designing
- Conference brings together Scientific Researchers, Business Entrepreneurs and Industry Developers
About Us

**International Journals**
- 900 Open Access Journals
- 21 Day rapid review process
- 30000 Editorial team, 35000 Reviewers team
- 3.5 Million readers and high visibility
- More than 100000 Facebook followers
- Publication immediately after acceptance
- Quality and quick editorial, review processing

**Key features**
- User friendly/feasible website translation of your paper to 50 world’s leading languages
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits

**Conference Series Conferences**
- 1000 Conferences all over the World every year
- Well organized scientific program
- Renowned speakers and scientists across the globe
- Poster presentations and world class exhibits
- Panel discussions and interactive sessions
- B2B meetings
- Perfect platform for Global Networking

**Key features**
- Presentation by renowned speakers from all over the world
- Poster presentations and world class exhibits
- Interactive Sessions
- Platform for global networking
- Connecting scientific community
About Osaka

Osaka is the second largest metropolitan area in Japan and serves a major economic hub. Historically a merchant city, Osaka has also been known as the “Nation’s Kitchen”. With a population of 2.5 million, Osaka is Japan’s third largest and second most important city. It has been the economic powerhouse of the Kansai region for many centuries. The city’s west side has the main port as well as a tourist destination with attractions such as Kyocera Dome, Universal Studios Japan, Osaka aquarium, Minami, Osaka castle, Umeda sky building and the Tempozan Harbour Village. Osaka is known for its food, both in Japan and abroad.

Author Michael Booth and food critic François Simon of Le Figaro have both suggested that Osaka is the food capital of the world. Osaka’s culinary prevalence is the result of a location that has provided access to high quality ingredients, a high population of merchants, and close proximity to the ocean and waterway trade. In recent years, Osaka has started to garner more attention from foreigners with the increased popularity of cooking and dining in popular culture. The National Museum of Art (NMAO) is a subterranean Japanese and international art museum, housing mainly collections from the post-war era and regularly welcoming temporary exhibitions.
Abstract Submission
https://medicaleducation.healthconferences.org//abstract-submission.php

Note: All the relevant abstracts will be accepted and published in respective conference proceedings.

Registration
https://medicaleducation.healthconferences.org//registration.php

Important Dates
Abstract submission opens: December 12, 2017
Registration opens: December 12, 2017
Early bird registration: January 29, 2018
On spot registration: October 08, 2018

Venue
Osaka, Japan
