**About Tokyo**
Tokyo, the capital city of Japan and also the world’s most thickly settled metropolis is additionally one in all Japan’s forty seven prefectures, consisting of twenty three city center wards and multiple cities, towns and villages west of town centre. The Izu and Ogasawara Islands are a part of Tokyo. It formally became the capital when Emperor Meiji moved his seat to town from the previous capital of metropolis in 1868 once it absolutely was renamed to Tokyo.

Tokyo additionally features 2 distinctive towers: Tokyo Tower and also the new Tokyo Sky tree, the tallest tower in Japan and also the second tallest structure within the world after the Burj Khalifa in Dubai.

With more than 12.5 million residents to entertain, Tokyo has a lot going on. Boasting the Tokyo National Museum, the National Museum of Nature and Science, the Ueno Zoo, and the sprawling green space, Ueno Park are the special places to visit in Tokyo. Edo-Tokyo Museum and the Imperial Palace resembles the history of Tokyo. And no trip here would be complete without visiting some of Tokyo's Buddhist and Shinto sites like the Sensoji Temple and the Meiji Shrine.
