

5<sup>th</sup> Annual congress on

# Biosimilars

September 28-29, 2022 | Rome, Italy

**Theme:**

New frontiers in Biosimilars Biologics

# INVITATION

Dear Attendees,

We are glad to announce the “5<sup>th</sup> Annual congress on Biosimilars ” to be held in [Rome,Italy](#) on [September 28-29, 2022](#) organized in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members. Biosimilars -2022

aims at sharing new ideas and technologies amongst the professionals, industrialists and students from research areas of Biosimilars

and it's Research. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. [5th Annual congress on Biosimilars](#)

amid [September 28-29, 2022](#) at [Rome,Italy](#). This consolidates incite keynote presentations, Oral talks, Poster presentations and Exhibitions.

Sincerely,

**Biosimilars -2022**

Organizing Committee

# ABOUT US

## Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

## Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

## Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

## Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manuscripts in our Open Access Journals

# ABOUT CONFERENCES

The “5th Annual Congress on Biosimilar on September 28-29, 2022” is becoming an unmissable meeting where Biosimilar partners are accumulating to address the current and future state of Biosimilar in Rome, Italy.

The expansion of two dedicated strands to the Biosimilar Congress meeting was a success - we were able to gather insights from two particular groups - one that exceeded expectations on the systematic and assembly side - and the another that exceeded expectations on the commercial and key side.

Setting up this meeting in 2022 will allow us to continue to dig deeper into both the investigation of improving biosimilars.

## Biosimilars -2022 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

## Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through.
- Bringing together the world’s scientific experts to catalyze and advance scientific knowledge about International Conference on Biosimilars
- , present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional,

## How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 150+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientist’s representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

# ABOUT CONFERENCES

## Objectives

- After participating in this meeting, attendees should be able to
- Discuss emerging issues in Biosimilars
- 
- Discuss and apply recent research findings related to Biosimilars

## Who should attend?

Keynote presentation along with interactions to galvanize the scientific community.

Workshop and symposiums to reach the largest assemblage of participants from the Pharma/Biotech community.

A wide track of exhibitors to showcase the new and emerging technologies.

Platform to global investment community to connect with stakeholders in Pharma/Biotech sector.

Young Scientist/ Investigators Award geared towards best budding young research.

Links to the political marketing resources in order to expand your business and research network.

## Conference Sessions

- Biosimilars
- Drug Designing
- Emerging Biosimilars in Therapeutics
- Pharma covigilance challenges in Biosimilars
- Biological Medicine
- Biopharmaceutical Informatics
- Chemical and Analytical Strategies for Biosimilars
- Bioavailability and Bioequivalence
- Immunogenicity of Biosimilars
- Recombinant Erythropoietin
- Biosimilars In Oncology
- Trastuzumab
- Globalization Of Biosimilars

## About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.

# ABOUT ROME

Rome is a city and special commune in Italy. Rome is the capital of Italy and also of the homonymous province and of the region of Lazio. With 2.7 million residents in 1,285.3 km<sup>2</sup> (496.3 sq. mi), it is also the country's largest and most populated commune and fourth-most populous city in the European Union by population within city limits. The urban area of Rome extends beyond the administrative city limits with a population of around 3.8 million. Between 3.2 and 4.2 million people live in Rome metropolitan area. The city is located in the central-western portion of the Italian Peninsula, on the Tiber within Lazio (Latium). Rome is the only city in the world to contain in its interior a whole state; the enclave of Vatican City. Rome has a status of the global city. Rome was the 11th-most-visited city in the world, 3rd most visited in the European Union, and the most popular tourist attraction in Italy. The city is one of Europe's and the world's most successful city "brands", both in terms of reputation and assets.
