Dear Colleagues,

Conference Series llc LTD is delighted to welcome you to **Hong Kong** for the prestigious **5th International Conference and Exhibition on Nanotechnology, Artificial Intelligence and IOT**. Nano electronics 2019 will focus on the theme “**Future outlook Advancement in the Smart World**”. We are confident that you will enjoy the Scientific Program of this upcoming Conference.

We look forward to see you at **Hong Kong**.

With Regards,

Nano electronics 2019 Operating Committee
Conference Series llc LTD Conferences

Editorial Board Members of Supporting Journals:

Ralph Coolidge Huntsinger
California State University, Chico, USA

Graciela Perera
Department of Computer Science and Information Systems, Youngstown State University, USA

John P . Abraham
Department of Computer Science
University of Texas Rio Grande Valley, USA

Ye Duan
Department of Computer Science
University of Missouri. USA

Eric M Lui
Department of Civil & Environmental Engineering
Syracuse University, USA

Anitha Chennamaneni
Tarleton State University
Central Texas, USA

S S Iyengar
Louisiana State University, USA

Eiki Yamaguchi
Kyushu Institute of Technology, Japan

Program Announcement

Accommodation

A large number of rooms have been reserved. Discounted room rates for Nano electronics 2019 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by Public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Congress. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the field of Nanotechnology, Artificial Intelligence and IOT.

About Hong Kong

Hong Kong has no mineral resources, but has one of the finest deep-water ports in the world. A hardworking, entrepreneurial and well-educated population of about 7 million people serve as the foundation of Hong Kong's productivity and creativity.

Hong Kong is an international and cosmopolitan city, known for its business-friendly environment, rule of law, free trade and free flow of information, open and fair competition, well-established and comprehensive financial networks, superb transport and communications infrastructure, sophisticated support services, and a well-educated workforce complemented by a pool of efficient and energetic entrepreneurs.

Abstract Submission
