**Conference Concludes**
Glimpses of Nanomedicine Meet 2019
Major Scientific Sessions

- Nano Biotechnology
- Nanotechnology in Electronics
- Functional Nano Materials
- Spectroscopy of Nano materials
- Nano Medicine
- Nano Robotics
- Polymer Nanotechnology
- Nano Toxicology
- Advanced Nano Materials and Nano Particles
- Nanotechnology in Agriculture:
  - Nano Coating in Aeroplanes
  - Magnetic Nanoparticle Sensors:
  - Nanotechnology in Medical Diagnostics:
  - Smart Therapeutic Nano Systems:
  - Artificial Intelligence in Nanotechnology Research
  - Future Impact of Nanotechnology on Medicine

Best Poster Award

- You will be given about 5-7 minutes to present your poster including questions and answers. Judges may pose questions during the evaluation of the poster.
- Judges will even evaluate the student’s enthusiasm towards their study, interest and knowledge in the area of their research.
- The winners will be announced at the closing ceremony of the conference. The decision of the winner will be withdrawn if the winner/winners is/are not present at the time of announcement.
- Apart from the judging time you may also be present at the poster to share your research with interested delegates.

Young Researchers Forum

- Present your research through oral presentations.
- Learn about career development and the latest research tools and technologies in your field.
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research.
- Develop a foundation for collaboration among young researchers.
- The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe.
- Interact and share ideas with both peers and mentors.

About Dubai, UAE

Dubai is one of the seven Emirates that joined together in 1971 to form the United Arab Emirates (UAE). The other members are Abu Dhabi, Ajman, Fujairah, Ras Al Khaimah, Sharjah and Umm Al Quwain (each Emirate is named after its main city). Favourable business conditions and shrewd investment decisions have led to Dubai becoming one of the Gulf’s most successful and rapidly expanding economic environments and Dubai is now firmly established as the business, financial and commercial hub of the region. It is a prosperous and diverse market and the employment growth required to match its expansion provides excellent opportunities for both clients and candidates. Indeed, Dubai has the fastest growing population in the world and is home to an exciting, diverse, multi-cultural blend of young, dynamic, professional people all enjoying the unrivalled quality of life the Emirate has to offer. People are drawn to the City as much for lifestyle reasons as for the outstanding employment prospects on offer. Having extended along the two banks of the Creek, Dubai’s focal business region is isolated into two sections - Deira on the northern side and Bur Dubai toward the south - associated by a passage and two extensions.
