A large number of rooms have been reserved. Discounted room rates for Natural Hazards Congress 2019 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Congress. The coffee break and lunch areas will be located adjacent to the booths. Exhibitors has a special role to give a complete overview of new findings in the fields of Natural Hazards and Disaster Management attendees.

About Singapore

Singapore officially the Republic of Singapore, is a sovereign city-state and island country in Southeast Asia. Singapore is a global commerce, finance and transport hub. It has been recognized as the most “technology-ready” nation (WEF), top International-meetings city (UIA), city with “best investment potential” (BERI), world’s smartest city, world’s safest country, third-most competitive country, foreign exchange market and trading center and the second-busiest container port. The country has also been identified as a tax haven. SINGAPORE, known as “the LION city,” becomes a favorite destination because it is a global city and is a densely populated island with tropical flora, parks and gardens. Singapore is considered as an important center for higher education and harbors, healthcare, well reputed and prestigious colleges and Universities. Singapore conferences indeed play a vital role in promoting scientific information and ideas all over the world. It can be considered as a suitable medium for the relocation of valuable knowledge about research and novel advancements worldwide. The conferences taking part here would promote a variety of scientific ideas among contenders belonging to diverse areas of science and technology.
