City Attractions

Venue

Edinburgh is the capital city of Scotland. Edinburgh is Scotland's political core interest. It has the parliament, the head work environments of all Government Ministries and Departments. Edinburgh is moreover the social point of convergence Scotland. The city has long been a center of education, particularly in the fields of medicine, Scots law, literature, philosophy, the sciences, and engineering. It is the second largest financial center in the United Kingdom after London. Edinburgh is Scotland's second most populous city and the seventh most populous in the United Kingdom. The temperatures are quite moderate to cool in these regions. The city is considered as the fifth best place to visit in the European region, it is remarkably known for ancient buildings. The city is the annual venue of the General Assembly of the Church of Scotland. It is home to national institutions such as the National Museum of Scotland, the National Library of Scotland and the Scottish National Gallery. The city is also famous for the Edinburgh International Festival and the Fringe, the latter being the world's largest annual international arts festival.
