### Day Concludes

Award Ceremony

Major Scientific Sessions

• Neonatal Nursing
• Neonatal Nurse Practitioner
• Pediatric Nursing
• Pediatric Cardiology
• Neonatal Nutrition Nursing
• Midwives in Maternal Care
• Neonatal Screening
• Neonatal Diagnosis
• Neonatal Infectious Diseases & Antibiotics

• Midwife Services in Breast Feeding
• Hemolytic Disease
• Neonatal Encephalopathy
• Neonatal Respiratory Diseases
• Gynecomastia in Neonatal Babies
• Neonatal Surgical Nursing

Best Poster Award

• You will be given about 5-7 minutes to present your poster including questions and answers. Judges may pose questions during the evaluation of the poster.
  - Judges will even evaluate the student’s enthusiasm towards their study, interest and knowledge in the area of their research.
• The winners will be announced at the closing ceremony of the conference. The decision of the winner will be withdrawn if the winner/winners is/are not present at the time of announcement.
• Apart from the judging time you may also be present at the poster to share your research with interested delegates.

Young Researchers Forum

• Present your research through oral presentations
• Learn about career development and the latest research tools and technologies in your field
• This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research.
• Develop a foundation for collaboration among young researchers.
• The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe.
• Interact and share ideas with both peers and mentors.

Chicago is the third most populous city in the United States. With over 2.7 million residents, it is also the most populous city in both the state of Illinois and the Midwestern United States. It is the county seat of Cook County. The Chicago metropolitan area, often referred to as Chicagoland, has nearly 10 million people and is the third largest in the U.S. Chicago has often been called a global architecture capital. Chicago is considered one of the most important business centers in the world.

Chicago is located in northeastern Illinois on the southwestern shores of Lake Michigan. It is the principal city in the Chicago Metropolitan Area, situated in the Midwestern United States and the Great Lakes region. Chicago rests on a continental divide at the site of the Chicago Portage, connecting the Mississippi River and the Great Lakes watersheds. The city lies beside huge freshwater Lake Michigan, and two rivers—the Chicago River in downtown and the Calumet River in the industrial far South Side—flow entirely or partially through Chicago. Chicago’s history and economy are closely tied to its proximity to Lake Michigan. While the Chicago River historically handled much of the region’s waterborne cargo, today’s huge lake freighters use the city’s Lake Calumet Harbor on the South Side.

Chicago is famous for its outdoor public art with donors establishing funding for such art as far back as Benjamin Ferguson’s 1905 trust. A number of Chicago’s public art works are by modern figurative artists. Among these are Chagall’s Four Seasons; the Chicago Picasso; Miro’s Chicago; Calder’s Flamingo; Oldenburg’s Batcolumn; Moore’s Large Interior Form, 1953-54, Man Enters the Cosmos and Nuclear Energy; Dubuffet’s Monument with Standing Beast, Abakanowicz’s Agora; and, Anish Kapoor’s Cloud Gate which has become an icon of the city. Some events which shaped the city’s history have also been memorialized by art works, including the Great Northern Migration (Saar) and the centennial of statehood for Illinois. Finally, two fountains near the Loop also function as monumental works of art: Plensa’s Crown Fountain as well as Burnham and Bennett’s Buckingham Fountain.
