

INTERNATIONAL CONFERENCE ON
NEUROIMMUNOLOGY,
NEUROLOGICAL
DISORDERS AND
NEUROGENETICS

SEP 26-27, 2018 | MONTREAL, CANADA

<http://neuroimmunology.neurologyconference.com/>

Invitation

Neuro Immunology 2018

Dear Attendees,

We are glad to announce the **International Conference on Neuroimmunology, Neurological disorders and Neurogenetics** to be held in [Montreal, Canada](#) from [September 26-27, 2017](#) organized by [Conference Series, USA](#) in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members.

This conference is a unique international platform that's a confluence of all Neurologists Industry, Academia, Researchers, Innovators, Regulators – coming together to present and discuss current topics on Neuroscience and Neurology, Neurosurgery, Behavioral and Functional Neurology, Neuroimmunology and Neuroinflammation, Autoimmune disorders & Multiple Sclerosis, Clinical Neuroimmunology, Neuroimmunological Disorders, Neurodegenerative Diseases, Neurological Disorders, Neurotransmitters and Neuroimmune Interactions, Neuroendocrinology, Neurogenetics, Pediatric Neurology, Neuropsychiatric Disorders Novel Therapeutics, Neuropharmacology Diagnosis and Therapy and Mental Health, Therapeutic approaches for Neurological Disorders and will be available to discuss with you the latest issues and trends in Overcoming Milestones towards Neuro Immunology 2018 “**Current challenges and innovations in Neuroimmunology, Neurological disorders and Neurogenetics**”.

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Attend the Neuro Immunology 2018 Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to [Montreal, Canada](#)

Sincerely,
Neuro Immunology 2018

Neuro Immunology 2018

Neuro Immunology 2018 Conference website is attracting 25000+ Neurologists, Neurology professors online visitors ranging from Researchers, Academicians and Business professionals, who are working in this field. This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 70+ countries Annually
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Neuro Immunology 2018 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

About Conference

Neuro Immunology 2018

Montreal
Canada
SEPTEMBER 26- 27
2018

Purpose

International Conference on Neuroimmunology, Neurological disorders and Neurogenetics is an arena for interdisciplinary exchange among professionals in the fields of Neurology and Neuroscience.

Goals

The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through

- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Neuroimmunology, Neurological disorders and Neurogenetics present the most recent research findings, and promote and enhance scientific collaboration around the world
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services.

Objectives

After participating in this meeting, attendees should be able to

- Discuss emerging issues in Neuroimmunology, Neurological disorders and Neurogenetics
- Discuss and apply recent research findings related to Neuroscience
- Reflect on the place of critical distance in Research

About Conference

Neuro Immunology 2018

2018

Who should attend

Neuro Immunology 2018 is exclusively designed for Neurologists, Professors, Neuroscientists, Neurosurgeons, Researchers, Academicians, Practitioners, Early Career Scholars, students along with Industries and others engaged in endeavors related to Neuroscience research and business.

About hosting organization

Conference Series is the world's leading specialist in [organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions](#) in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by

by  crossref

Major sessions

- Neuroscience and Neurology
- Neurosurgery
- Behavioral and Functional Neurology
- Neuroimmunology and Neuroinflammation
- Autoimmune disorders & Multiple Sclerosis
- Clinical Neuroimmunology
- Neuroimmunological Disorders
- Neurodegenerative Diseases
- Neurological Disorders
- Neurotransmitters and Neuroimmune Interactions
- Neuroendocrinology
- Pediatric Neurology
- Neurogenetics
- Neuropsychiatric Disorders
- Novel Therapeutics
- Neuropharmacology
- Diagnosis and Therapy

About Montreal

Montreal
Canada
SEPTEMBER 26- 27
2018

Neuro Immunology 2018

Montreal is the most crowded district in the area of Quebec and the second-most crowded in Canada. Initially called Ville-Marie, or “City of Mary”, it is named after Mount Royal, the triple-crested slope in the core of the city. The city is on the Island of Montreal, which took its name from an indistinguishable source from the city and a couple of considerably littler fringe islands, the biggest of which is Île Bizard. It has a particular four-season mainland atmosphere with warm to sweltering summers and cool cold winters.

In 2016 the city had a populace of 1,704,694. Montreal's metropolitan range had a populace of 4,098,927 and a populace of 1,942,044 in the urban agglomeration, with the majority of the regions on the Island of Montreal included. French is the city's authentic language and is the dialect talked at home by 49.8% of the number of inhabitants in the city, trailed by English at 22.8% and 18.3% different dialects (in the 2016 registration, excluding multi-dialect responses). In the bigger Montreal Census Metropolitan Area, 65.8% of the populace communicates in French at home, contrasted with 15.3% who communicate in English. The agglomeration Montreal is a standout amongst the most bilingual urban areas in Quebec and Canada with more than 59% of the populace ready to talk both English and French. Montreal is the second-biggest basically French-talking city on the planet, after Paris.

Generally the business capital of Canada, it was outperformed in populace and monetary quality by Toronto in the 1970s. It remains an essential focal point of trade, aviation, fund, pharmaceuticals, innovation, plan, training, culture, tourism, gaming, film and world affairs. Being the area of the home office of the International Civil Aviation Organization, Montreal is one of three North American urban communities home to associations of the United Nations (alongside Washington, D.C.
