

Scientific Program

31ST CLINICAL NEUROSCIENCE AND
NEUROGENETICS CONFERENCE: MOBILIZING
NEURONS TO REHABILITATE

AUGUST 13-14, 2018 | DUBAI, UAE

NEUROGENETICS 2018

Conference Series llc Ltd

47 Churchfield Road, London, W3 6AY, UK

Tel: +1-201-380-5561, Toll No: +44-2088190774

Email: neurogenetics@neurologymeet.org | neurogenetics@neuroconferences.com

09:00-09:30

Registration Opens

Conference Hall 2

09:30-09:45

Opening Ceremony

Introduction

09:45-10:30

Keynote Presentation

Title: Social Media - The antisocial media, it's challenges and impact on mental health

Khurram Sadiq, Greater Manchester Mental Health NHS Foundation, UK

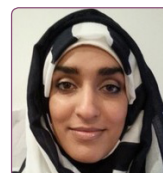

10:30-11:15

Keynote Presentation

Title: The connection between neuroscience, mental health and Islam

Ayesha Aslam, Muslim Mental Health, Islamic Counselling Services, UK

11:15-11:30

Networking and Refreshments Break with Group Photo

11:30-12:00

Session: Genetics & Neurogenetics | Neurodegeneration | Neuroimmunology & Neuroinfection | Diagnostic Tools and Imaging Technique | Neurological Rehabilitation & Genetic Counseling | Alzheimer and Dementia | Neuropharmacology | Pediatric Neurology | Neuroophthalmological | Neuro Oncology & Neurology

Session Chair: **Jolanta Zieba**, Lewis Katz School of Medicine at Temple University, USA

Session Co-Chair: **Najiha Syeda**, Dwight School Dubai, UAE

Title: Stroke related physical and bio mechanical changes related to stroke

Zahed Maher, Cairo University, Egypt

12:00-12:30

Title: Correlation of amniotic fluid hyaluronic acid levels with severity of spinal cord damage and astrogliosis in myelomeningocele model

Jolanta Zieba, Lewis Katz School of Medicine at Temple University, USA

12:30-13:00

Title: Adipose derived mesenchymal stem cells in the treatment of degenerative disc disease: Protocol and personal experience

Walter Bini, Healthpoint Hospital Abu Dhabi, UAE

Lunch Break 13:00-14:00 @ Restaurant

14:00-14:30

Title: Zebrafish as a model for neuroscience research

Nimah I Alsomali, National Neuroscience Institute, Saudi Arabia

14:30-15:00

Title: Abnormal fetal features of neurogenetic origin

Azza Attia, Bordeaux University, France

15:00-15:30

Title: Accepted and commitment therapy (ACT)

Najiha Syeda, Dwight School Dubai, UAE

Workshop

15:30-16:30

Title: Systematic review and meta-analysis in-action training workshop

Sami Salahia, GMRA, UAE

Networking and Refreshments Break 16:30-16:50

Panel Discussion

Conference Hall 2

10:00-10:45

Keynote Presentation

Title: Profiling the non-motor symptoms burden in Parkinson's disease patients in Nigeria using non-motor symptoms questionnaires

Temitope H Farombi, University College Hospital Ibadan, Nigeria

Session: Neuro Pathology | Neuro Cardiology & Strokes, Neuro Chemistry | Nursing and Neuroscience | Ataxia | Neurogenetic Exploration | Psychiatry and Psychology | Epilepsy | Evaluation, Treatment & Management

Session Chair: **Shaheda Tabassum**, Institute of Behavioral and Management Sciences, UAE

10:45-11:15

Title: Behavioral disorders in children

Shaheda Tabasum, Institute of Behavioral and Management Sciences, UAE

Networking and Refreshments Break 11:15 -11:30

11:30-12:00

Title: Dementia

Marzia Afrin Ali Meem, Jinan University International Medical School, China

12:00-12:30

Title: Hepatolenticular Degeneration

Vittorio Iantorno, Neuro Spinal Hospital, UAE

12:30-13:00

Title: The effect time perception and emotional interference on autobiographical memories

Hashil Hatif Al Hatmi, Almaha Academy, Qatar

Lunch Break 13:00-14 :00 @ Restaurant

14:00-14:30

Title: Neurogenetic and neurodegenerative in Africa

Temitope H Farombi, University College Hospital Ibadan, Nigeria

14:30-15:00

Title: Logical approach to first seizure

Olusegun John Oluwole, Neuro Spinal Hospital, UAE

15:00-15:15

Title: Assessment of cognitive functions in middle aged patients suffering from type 1 and type 2 diabetes mellitus

Pousette Farouk, Ain Shams University, Egypt

15:15-15:30

Title: Principals of hypnoanesthesia, hypnotic suggestion for intra and postoperative pain control

Mehdi Fathi, Mashhad University, Iran

Poster Presentations @ 15:30 - 16:00

N-01

Title: Detection of somatic JAK2 (V617F) mutation in patients with chronic myeloproliferative disease
Muborakkhon Rozikova, Uzbekistan

N-02

Title: Screening questionnaires for obstructive sleep apnea: An updated systematic review
Behzad Rahmati, Isfahan University of Medical Sciences, Iran

Networking and Refreshments Break 16:00-16:30

Panel Discussion

Closing Ceremony
