Program Announcement

Accommodation

A large number of rooms have been reserved. Discounted room rates for Neuropediatrics 2018 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by Public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Congress. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the field of Pediatric Neurology and Pediatric Surgery.

About Osaka

Osaka is Japan's second largest metropolitan area. It has been the economic powerhouse of the Kansai region for many centuries. It is close to Kyoto, Nara and the heartland of Japan, and it offers fascinating glimpses of Japanese urban life: four-story office buildings under 12-lane expressways; multistory buildings with Ferris wheels and amusement parks on the roof; and subterranean shopping malls that pumped their sewage up and are so large you have occasionally go above ground to see where you are. Osaka has a reputation for having the best food in Japan. Osaka has a long association with business and economic activity.

Abstract Submission
