# ABOUT DESTINATION DUBAI

Dubai is a city of skyscrapers, ports, and beaches, where big business takes place alongside sun-seeking tourism. Because of its large expatriate population, it feels like a Middle Eastern melting pot, and the atmosphere is generally tolerant. Religious affiliations are not a prominent aspect of city life. Islam is the majority religion, but churches and Hindu temples coexist with Dubai's mosques.

Dubai is a relatively crime-free place where administrative efficiency and openness to business have encouraged astounding growth. However, criticism of Dubai's authoritarian government and ruling elite is not tolerated, and there persists an atmosphere of discreet corruption.
