Invitation...

Dear Colleagues,

Conference Series extends its welcome to 26th World Congress on Nursing Care during May 21-23, 2018 at Osaka, Japan with a theme “Advanced Technologies and Best Practices in Nursing & Integrated Care”. Conference Series through its Open Access Initiative is committed to make genuine and reliable contributions to the scientific community.

Conference Series Organizes 1000+ Conferences Every Year across USA, Europe & Asia with support from 1000 more scientific societies and Publishes 700+ Open access journals which contains over 100000 eminent personalities, reputed scientists as editorial board members. Nursing Care Conference will focus on educational research directed toward its impact on clinical outcomes, through oral and poster presentations, educational workshop sessions, and influential plenary presentations. Attendees will be provided with the tools to enhance nursing education programs to make education more effective in nursing practice. Conference will focus on the following topics during presentations of the three-day event, which reflect current education research, developments and innovations internationally and as evidenced in both Nurse Education and Evidence Based Practice.

- Teaching, Assessment and Learning in University and Clinical Practice
- Technology, Simulation and Education
- Continuing Professional Development
- Continuing Education
- Patient Safety
- Innovation, Academic Leadership and Evaluation Research
- Midwifery Education

Organizing Committee Members

Nat’e Guyton  
Chief Nurse Officer  
University of Phoenix  
USA

Darcy J Hostetter-Lewis  
Associate Professor  
California State University  
USA

Jekan Adler-Collins  
Professor  
University of Human Environments, Japan

Cameo Aleece Green  
Director  
Medical University of South Carolina, USA

Heather J Sobko  
Professor  
Utah College of Nursing  
USA

Yoshiko Yamaguchi  
Research Associate  
Kwassui Women’s University  
Japan

Confirmed Speakers

**Cameo Green**
United States of America

**Darcy Hostetter-Lewis**
United States of America

**Hyochol Ahn**
University of Texas Health Science Center, USA

**Kathleen G Burger**
Hawaii Pacific University, USA

**Je Kan Adler-Collins**
University of Human Environments, Japan

**Yoshiko Yamaguchi**
Kwassui Women’s University, Japan

**Di Kenyon**
Australia

**Howieda**
Saud bin Abdulaziz University for Health Sciences, Egypt

**Jintana Singkhornard**
Khon Kaen University, Thailand

**Meng Qin Zhang**
Sichuan University, China

**Mohammad Al-Motlaq**
Hashemite University School of Nursing, Jordan

**Monne Wihlborg**
Lund University, Sweden

**Ping Ni**
Sichuan University, China

**Suteera Pradubwong**
Khon Kaen University, Thailand

**Tippawan Muknumporn**
Khon Kaen University, Thailand

**Yi-Chuan Chen**
National Taiwan University, Taiwan

**Yodang**
Universitas Sembilanbelas November, Indonesia

**Shirley G Seckey – Fahnbulleh**
Liberia, West Africa

***Speaker and Poster Opportunities Available***

</tr>
</tbody>
</table>
| **Title:** Mobile strategy: Bringing the nurse back to the bedside  
*Nat’e Guyton, University of Phoenix, USA* |
| **Title:** Relationship between nurses’ intention to leave work and their family variables  
*Yoshiko Yamaguchi, Kwasusi Women’s University, Japan* |
| **Title:** Flipping the classroom a narrative of innovation in educational paradigms from conception through to praxis  
*Je Kan Adler-Collins, University of Human Environments, Japan* |
| **Title:** Blended learning without borders  
*Je Kan Adler-Collins, University of Human Environments, Japan* |
| **Title:** Meditation’s effect on attentional efficiency, stress, and mindfulness characteristics of nursing students  
*Kathleen G. Burger, Hawaii Pacific University, USA* |
| **Title:** Why don’t they listen to me?  
*Di Kenyon, Di Kenyon Transformations, Australia* |
| **Title:** Intelligence and specific learning disabilities measurement of children with cleft lips and palates age 6-12 years  
*Jintana Singkhornard, Khon Kaen University, Thailand* |
| **Title:** Risk factors for mediolateral episiotomy during vaginal childbirth: A retrospective study  
*MengQin Zhang, Sichuan University School of Medicine, China* |
| **Title:** Mental illness, substance abuse and history of homelessness and access to primary care  
*Irene Treadwell, UrbanPathways, USA* |
| **Title:** Effectiveness of web-based nursing continuing education on diabetic knowledge of nurses  
*Ping Ni, Sichuan University, China* |
| **Title:** Outcome of quality of life program for persons with CLP& CFD Tawanchai center, Khon kaen Thailand  
*Suteera Pradubwong, Khon Kaen University, Thailand* |
| **Title:** Development and monitoring the key performance index of the quality of care in patients with cleft lip/palate, Srinagarind hospital: Anesthetic unit  
*Tippawan Muknumporn, Khon Kaen University, Thailand* |
| **Title:** Nurses risk takers during a crisis: The case of Liberia and the Ebola outbreak  
*Shirley Gbalee Seckey – Fahnbulleh, Africa* |
| **Title:** Traditional neonatal intensive care units’ physical and internal design: Focusing on family centered care model  
*Mohammad Al-Motlaq, Hashemite University School of Nursing, Jordan* |
| **Title:** Facilitate learning through an international virtual collaboration practice: A case study  
*Monne Wihlborg, Lund University, Sweden* |

Closing Ceremony
Glimpses of past conference

http://nursingcare.nursingconference.com/asia-pacific
Tourist Attractions
Osaka is the second largest metropolitan area in Japan and serves a major economic hub. Historically a merchant city, Osaka has also been known as the “Nation’s Kitchen”. With a population of 2.5 million, Osaka is Japan’s third largest and second most important city. It has been the economic powerhouse of the Kansai region for many centuries. The city’s west side has the main port as well as a tourist destination with attractions such as Kyocera Dome, Universal Studios Japan, Osaka aquarium, Minami, Osaka castle, Umeda sky building and the Tempozan Harbour Village. Osaka is known for its food, both in Japan and abroad. Author Michael Booth and food critic François Simon of Le Figaro have both suggested that Osaka is the food capital of the world. Osaka’s culinary prevalence is the result of a location that has provided access to high quality ingredients, a high population of merchants, and close proximity to the ocean and waterway trade. In recent years, Osaka has started to garner more attention from foreigners with the increased popularity of cooking and dining in popular culture. The National Museum of Art (NMAO) is a subterranean Japanese and international art museum, housing mainly collections from the post-war era and regularly welcoming temporary exhibitions. Osaka Science Museum is in a five storied building next to the National Museum of Art, with a planetarium and an OMNIMAX theatre.
