Invitation...

Dear Friends!!

The Nursing Midwifery 2018 annual meeting offers unparalleled Nursing, networking and business development opportunities. This two-day meeting is so highly regarded that more than 250+ attendees travel from 90 countries to attend and participate – making it the largest educational event in nursing in the world. We’re excited to invite you to be part of it.

The goal of the ICNM 2018 is to respond to the changing nursing needs of members whether this is through additional workshops, simulation or electronic media. The attending delegates include Editorial Board Members of related International Journals. This is an excellent opportunity for the attendees from Universities and Institutes to interact with the world class Experts. ICNM 2018 is committed to providing attendees with an amazing experience. The Nursing Midwifery 2018 annual meeting is sure to exceed your expectations in every way. With over 60 nursing sessions that cross 20 clinical tracks, you are invited to participate in seminars, refresher course lectures, panels, pro-con debates, clinical forums, hands-on workshops, scientific abstract posters and presentations, and medically challenging cases. This meeting offers something for everyone.

With Best Regards

Glimpses of past conference
New York is a state in the Northeastern United States and is the 27th-most extensive, fourth-most populous and seventh-most densely populated U.S. state. New York is bordered by New Jersey and Pennsylvania to the south and Connecticut, Massachusetts, and Vermont to the east. The state has a maritime border in the Atlantic Ocean with Rhode Island, east of Long Island, as well as an international border with the Canadian provinces of Quebec to the north and Ontario to the west and north. The state of New York, with an estimated 19.8 million residents in 2015, is often referred to as New York State to distinguish it from New York City, the state’s most populous city and its economic hub.

Tourism is a vital industry for New York City, which has witnessed a growing combined volume of international and domestic tourists, receiving a sixth consecutive record of nearly 60 million visitors in 2015. Tourism had generated an all-time high US $61.3 billion in overall economic impact for New York City in 2014, pending 2015 statistics. Approximately 12 million visitors to New York City were from outside the United States, with the highest numbers from the United Kingdom, Canada, Brazil, and China. According to the website reuters.com, “New York City tourism climbed record high in 2015 for sixth year.”
