Venue & Accommodation Dubai

Dubai is located on the Eastern coast of the Arabian Peninsula, in the south west corner of the Arabian Gulf. It is extremely well known for its warm hospitality and rich cultural heritage, and the Emirati people are welcoming and generous in their approach to visitors. With year-round sunshine, intriguing deserts, beautiful beaches, luxurious hotels and shopping malls, fascinating heritage attractions and a thriving business community, Dubai receives millions of leisure and business visitors each year from around the world. Having expanded along both banks of the Creek, Dubai's central business district is divided into two parts — Deira on the northern side and Bur Dubai to the south — connected by a tunnel and two bridges. Each has its share of fine mosques and busy souks, of public buildings, shopping malls, hotels, office towers, banks, hospitals, schools, apartments and villas. Outside this core, the city extends to the neighbouring emirate of Sharjah to the north, while extending south and west in a long ribbon of development alongside the Gulf, through the districts of Satwa, Jumeirah and Umm Suqeim to new Dubai.
