About Berlin

Berlin is one of the best city to organize the conferences. The research work going on in the field is in a good range when compared to the other cities. Berlin is the fastest growing city in the Germany with an excellent economic growth. Several of the College of Technology degree programs are offered at Berlin University.

The historical backdrop of science in Berlin is loaded with the names of popular researchers like Humboldt, Einstein, Virchow, Koch, Meitner and Planck. Real national research associations, for example, Fraunhofer, the Helmholtz Association and the Leibniz Association are spoken to in Berlin by different foundations and research destinations. Germany’s biggest convergence of colleges and universities is situated in Berlin, a main focal point of science, scholastics, and research, not minimum because of its 39 organizations of advanced education. Germany’s national research associations are spoken to in Berlin with various organizations, as are eight government service inquire about offices. Together with Berlin’s colleges, about 100 research establishments in the city frame an essential reason for the district’s financial improvement.

40 Nobel Prize victors are partnered to the Berlin-based colleges. Medication, restorative innovation, biotechnology, data and interchanges innovation, optical innovation, material sciences, transportation and natural advances, and the humanities and sociologies are the essential concentration of research being done in Berlin. Berlin’s exploration tasks are a piece of global systems and are perceived around the world.

Berlin is the most pined for visitor goal, and thus the ideal place to hold such occasion.
