Program Announcement

Accommodation

A large number of rooms have been reserved. Discounted room rates for Conferencemanager@worldhealthsummit.net participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Congress. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the fields of Neonatology, Nutrition & Food Sciences.

About Osaka

Osaka is a large port city and commercial center on the Japanese island of Honshu. It's known for its modern architecture, nightlife and hearty street food. The 16th-century shogunate Osaka Castle, which has undergone several restorations, is its main historical landmark. It's surrounded by a moat and park with plum, peach and cherry-blossom trees. Sumiyoshi-taisha is among Japan's oldest Shinto shrines. OSAKA (about 330 miles southwest of Tokyo) is the second largest city in Japan and the 13th largest city in the world, with a population of about 10.5 million people. Situated on a sheltered bay, it is also the commercial, shipping and industrial center of western Japan, the second major gateway to Japan after Tokyo and the transportation and communication hub of the Kansai region, with convenient connections to Kyoto, Nara, and Kobe, the Inland Sea area, and Shikoku, which are all nearby. Even though Osaka is flat as flat can be its name means "big hill." Foreign guide books usually do not have much nice to say about Osaka. One said its biggest claims to fame were the yakuza and pachinko. Another called the "Elephant Man" of Japan---ugly but wanting desperately to be loved.
