Accommodation

A large number of rooms have been reserved. Discounted room rates for Oculoplastic Surgery 2018 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by Public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Congress. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the field of Ophthalmology.

About Osaka

Osaka is the most populous city in the Japan which is developed very rapidly and become the attraction for all kinds of investments. It is the tourist hub and known for the luxury and comfort and thus it makes the perfect destination for Ophthalmology 2018.

A booming population, growing prevalence of lifestyle diseases and mandatory health insurance policies are fueling the growth of private sector firms in the Japan’s healthcare industry.

Japan’s private hospitals were valued at $1.75 billion in 2013 but are expected to reach $3.23 billion by 2020, according to a new report by research firm Colliers International.

The report revealed that population growth, prevalence of lifestyle diseases, introduction of compulsory health insurance along with the emirate’s push to become a medical tourism hub are expected to drive the growth of the private sector in Japan’s healthcare industry.
