Dear Colleagues,

Conference Series llc LTD., is delighted to welcome you to Tokyo, Japan for the Prestigious **International Conference on Optics, Lasers & Photonics**. Optics-Laser 2019 will focus on “**A New Era in Laser, Optics and Photonics Technologies for the Next Generation**”. We are confident that you will enjoy the Scientific Program of this upcoming Conference.

We look forward to see you at Tokyo, Japan.

With Regards,
Optics-Laser 2019

Operating Committee , Conference Series LLC Conferences

Editorial Board Members of Supporting Journals:

Branislav Vlahovic

NSF Center of Research Excellence in Science and Technology, USA

Manijeh Razeghi

Northwestern University, USA

Rolf Henrik Berg

University of Denmark
Kongens Lyngby, Denmark

Arvinda Kar

University of Central Florida, USA

Vladimir G Chigrinov

Hong Kong University of Science and Technology, Hong Kong

Ningning Xu

Oklahoma State University, USA

Ladan Arissian

University of New Mexico, USA

Zhihua Ding

Zhejiang University , China

Program Announcement

12+ Interactive Sessions

Venue

Tokyo, Japan

Important Dates

Abstract submission opens: May 24, 2018

Registration opens: May 24, 2018

Early bird registration: November 30, 2018

On spot registration: May 13, 2019

Accommodation

A large number of rooms have been reserved. Discounted room rates for Optics-Laser 2019 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Conference. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the fields of Quantum physics, Optics and Laser Technologies.

About Tokyo

Tokyo is Japan's capital and the largest metropolitan area in the world. It is also one of Japan's 47 prefectures, consisting of 23 central city wards and multiple cities, towns and villages west of the city center. The Izu and Ogasawara Islands are also part of Tokyo. Prior to 1868, Tokyo was known as Edo. A small castle town in the 16th century, Edo became Japan's political center in 1603 when Tokugawa Ieyasu established his feudal government there. A few decades later, Edo had grown into one of the world's most populous cities. With the Meiji Restoration of 1868, the emperor and capital moved from Kyoto to Edo, which was renamed Tokyo ("Eastern Capital").

World's highest Skywalk- the Tokyo Sky tree is the tallest free-standing tower in the world, measuring 634m. The observation deck at 450m is the world's highest skywalk and offers panoramic views of the city.

Tokyo is a fascinating city, where the latest trends and the oldest traditions meet. From ancient cherry-blossom festivals to the vibrant Harajuku neighbourhood. Tokyo offers a seemingly unlimited choice of shopping, entertainment, culture and dining to its visitors.

The city's history can be appreciated in districts such as Asakusa, and in many excellent museums, historic temples and gardens. Contrary to common perception, Tokyo also offers a number of attractive green spaces in the city centre and within relatively short train rides at its outskirts.
