## About Tokyo

Tokyo, the capital town of Japan and also the world's most thickly settled city is additionally one in all Japan's forty-seven regions, consisting of twenty-three city center wards and multiple towns, cities and villages west of town center. The Islands Izu and Ogasawara are a part of Tokyo. Tokyo was referred to as Edo, a little castle city in the sixteenth century. It officially became the capital when Ruler Meiji moved his seat to town from the previous capital city in 1868 once it absolutely was renamed to Tokyo. Tokyo's urban landscape contains mainly recent and contemporary design proof to its destruction when the Great Kantō earthquake in 1923 and later the firebombing in World War II. Its globally illustrious varieties of trendy design include Tokyo International Forum, Mode Gakuen Cocoon Tower, Asahi Beer Hall, Rainbow Bridge and NTT Docomo Yoyogi Building. Tokyo additionally features 2 distinctive towers: Tokyo Tower and the new Tokyo Skytree, which is the tallest tower in Japan and the second tallest structure in the world after the Burj Khalifa in Dubai.
