Dear Colleagues,

Conference Series llc LTD., is delighted to welcome you to Singapore, Japan for the Prestigious **International Congress Advances in Organic & Inorganic Chemistry. Organic Chemistry 2019** will focus on “Visualize the Current Advancements in Organic and Inorganic Chemistry”. We are confident that you will enjoy the Scientific Program of this upcoming Conference.

We look forward to see you at **Singapore, Japan.**

With Regards,

Organic Chemistry 2019

Operating Committee, Conference Series llc LTD. Conferences

Editorial Board Members of Supporting Journals:

Hideharu Shintani

Chuo University, School of Science, Japan

Qin Hu

State University of New York, USA

Kenneth R Scott

Howard University, USA

Abua Ikem

Lincoln University, USA

Nikolay N Gerasimchuk

Missouri State University, USA

Peter J Bond

University of Cambridge, UK

Peter Kenny

Dublin City University, Ireland

Daniela S Mainardi

Louisiana Tech University, USA

Mirko Diksic

McGill University, USA

Victor Starov

Loughborough University, UK

Won Chun Oh

Hanseo University, Korea

Xincun Dou

Xinjiang Technical Institute of Physics & Chemistry, China

Yuh-Shan Ho

Trend Research Centre Asia University, Taiwan

Mazeyar Parvinzadeh Gashti

University of Bern, Switzerland

Kelvin Bai

Program Announcement

Venue

Singapore, Japan

Important Dates

Abstract submission opens: 01 October 2018

Registration opens: 01 October 2018

Early bird Registration: 13 April 2019

On spot registration: 13 September 2019

Accommodation

A large number of rooms have been reserved. Discounted room rates for **Organic Chemistry 2019** participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Conference. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the fields of Cardiology and Medicine.

About Singapore

Singapore, officially the Republic of Singapore, is a sovereign city-state and island country in Southeast Asia. It lies off the southern tip of the Malay Peninsula and is 137 kilometres (85 mi) north of the equator. The country's territory consists of the lozenge-shaped main island, commonly referred to as Singapore Island in English and Pulau Ujong in Malay, and more than 60 significantly smaller islets. Singapore is separated from Peninsular Malaysia by the Straits of Johor to the north and from Indonesia's Riau Islands by the Singapore Strait to the south. The country is highly urbanized, and little of the original vegetation remains. The country's territory has consistently expanded through land reclamation. Singapore's progress over the past three decades has been remarkable, yet the island has not been overwhelmed by development. Visitors will discover a wealth of historical treasures from the past, in the beauty of older buildings, values and traditions that have survived in the face of profound social and geographical change.
