Why to Attend???

ORGANIC FARM 2020 goal is to provide participants continuing Agricultural education, propose novel research techniques, improve the skills and expertise in the areas of Organic farming, Agronomy, Agrochemical, Agricultural biotechnology with its well-designed scientific program and quality lectures. It also paves way for making a good relationship with the dental associates through the B2B meetings and develop better business opportunities.

Conference Sessions:

All honorable authors, researchers, scientists and students are encouraged to contribute and help the shape of the conference through submissions of their posters & research abstracts. Also, high quality research contributions describing original and unpublished of conceptual, constructive, experimental or theoretical work in all areas of Agro Ecology and Organic Farming are warmly invited for presentations at the conference. The conference memorial contributions of abstracts and posters that address themes & future aspects of the conference related sessions.

- Plant Breeding
- Agronomy
- Agrochemical
- Plant tissue culture
- Pesticides and Fertilizers
- Agroecology
- Organic farming
- Crop protection
- Greenhouse & Horticulture
- Food science
- Food technology
- Agricultural Biotechnology
- Plant Nursery

ORGANIC FARM 2020

- Opportunity to attend the presentations delivered by eminent scientists and business professionals from all over the world.
- Selected contributions will be published in following reputed high impact factor Journals.
 - ☞ 1 Research & Reviews: Journal of Agriculture and Allied Sciences
 - ☞ 2 Research & Reviews: Journal of Food and Dairy Technology
 - ☞ 3 Journal of Plant Sciences and Agricultural Research

Program at Glance

August 26, 2020

Time	Session
08:30 - 09:30	Registrations
09:30 - 11:30	Keynote Forums
	Group Photo
11:30 - 11:45	Network & Refreshment Break
11:45 - 13:00	Plant Breeding Agronomy Agrochemical Plant tissue culture
13:00 - 13:45	Lunch Break
13:45 - 16:00	Pesticides and Fertilizers Agroecology Organic farming Crop protection
16:00 - 16:15	Network & Refreshment Break
16:15 - 18:00	Greenhouse & Horticulture Food science Food technology

Day Concludes

August 27, 2020

City Attractions

Venue :

Osaka, Japan

Osaka, Japan's second largest city is known for its nightlife and foodie, but with the flourishing crowd and the twin tower make this a lively, fun place to visit or live. It is located in the humid subtropical climate zone with 4 different seasons.

The month of May witnesses the beautiful winters, which offers wide variety of flowers. The region is well known for lavender which attracts tourists during summer.

Osaka was Japan's first industrial and commercial hub until 20th century. The groomed shiny skyscrapers are the best scenery from above. Osaka Castle, Dotonbori, Shinsaibashi, Kuromon Ichiba Market, Universal Studio, Hozenji Temple, Shitennoji Temple, Osaka Aquarium Kaiyukan, Umeda Sky Building, Winter Ski & Snowboarding are some of the tourist's spots while visiting Osaka.

Osaka is situated in the damp subtropical atmosphere zone with four unmistakable seasons. Its winters are commonly mellow, the blossom fields offer a wide assortment of blooms in the long stretch of May notwithstanding, the district is most popular for its lavender which draws in substantial quantities of guests each mid-year when the plants are in full sprout. Spring in Osaka begins off mellow, however, winds up being hot and damp. More prominent Osaka has a broad system of railroad lines, equivalent to that of Greater Tokyo. Osaka is served by two airplane terminals outside of the city, Kansai International Airport which handles basically worldwide traveler flights and Osaka International Airport which handles, for the most part, local administrations and some global payload flights.
