

Scientific Program

9th World Congress and Expo on

Green Energy

&

13th World Congress and Expo on

Recycling

&

17th European

Organic Chemistry Congress

July 28, 2021 | Webinar

Sessions will be hosted in GMT+1 (UK Timings)

Opening Ceremony

09:30-10:00 Introduction

Sessions: Green Energy, Renewable Energy, Green Nanotechnology, Waste to Energy, Green Processing and Solar Energy, Bio-fuel, Bioremediation, Energy and Environment, Environmental Chemistry and Pollution Control, Recycling, Inorganic and Organometallic Compounds, Chemical bonding and Cheminformatics, Stereochemistry of Organic Compounds, Structure and Reactivity of Organic Compounds

10:00-10:30 **Title:** Evaluating The Effects Of Fiscal Policies In The Development Of Solar PV Technologies In The USA, Japan, Germany And China

Khalifa Sameh AIDhaen, University College London, UK

10:30-11:00 **Title:** Recycling of steel mill dusts with the RecoDust process – Scale-up of a pilot plant

Wolfgang Reiter, K1-Met GmbH, Austria

Coffee Break 11:00-11:20

11:20-11:50 **Title:** Green electrical energy production by porous oxide based hydroelectric cells

Vivek Verma, University of Delhi, India

11:50-12:20 **Title:** An Efficient Technology for Production of Energy Sources and Reduction of Solid Wastes Simultaneously

Bijoy Kumar Mondal, Uttara High School & College, Bangladesh

12:20-12:50 **Title:** Photovoltaic elements modeling

Jose Manuel Lopez-Guede, University of the Basque Country (UPV/EHU), Spain

Lunch 12:50-01:50

01:50-02:20 **Title:** Green synthesized nanoparticles via plant extracts: actual and potential applications

Marta I Litter, National University of General San Martín, Argentina

02:20-02:50 **Title:** Efficient Electrosynthesis of Thiazolidin-2-imines via Oxysulfurization of Thiourea-Tethered Terminal Alkenes Using the Flow Microreactor

Muhammad Islam, 88 Madina Town, Pakistan

02:50-03:20 **Title:** A New Approach for Inferring Chemical Compounds: Neural Networks Meet Integer Programming

Naveed Ahmed Azam, Kyoto University, Japan

Poster Session (03:20-03:50)

Poster 1 **Title:** Synthesis, In Silico Prediction and In vitro Evaluation of Antitumor Activities of Novel Pyrido[2,3-d]Pyrimidine, Xanthine and Lumazine Derivatives

Samar El-Kalyoubi, Al-Azhar University – Egypt

Closing Ceremony
