1988th Conference

Joint Event

Proceedings of 10th International Conference on

CLINICAL AND MEDICAL CASE REPORTS

&

10th Orthopedics & Rheumatology Annual Meeting & Expo

August 31-September 01, 2018 | Toronto, Canada

Day 1 August 31, 2018

Conference Hall: Dorothy

Keynote Forum

08:30-09:30 Registrations

09:30-10:00 Opening Ceremony & Introduction

10:00-10:40			
	Title: Does simulation-based training increase athletic training students' clinical		
	confidence and competence of performing a cardiovascular screening?		
	Jennifer L Doherty-Restrepo, Florida International University, USA		
	Panel Discussion		
	Networking & Refreshment Break 10:40-10:55 @ Dorothy		
	Group Photo		
10:55-11:35	Title: Contemplative revelations: Higher faculties in global nervous system integration		
	Denis Larrivee, Loyola University Chicago, USA		
11.35-12.15	Title: Extracellular Matrix Xenografts in the Treatment of Open Fractures of the		
11.33-12.13			
	Extremities with Large Soft Tissue Defects		
	Russell D Weisz, Delray Medical Center, USA		
12:15-12:55	Title: Peri-implant femoral fractures: the risk is more than three times higher within PFN		
	compared with DHS		
	Franz Müller, Hospital Barmherzige Brüder, Germany		
	Lunch Break: 12:55-13:55 @ Dorothy		
Sessions: Case	e Reports on Cardiology Case Reports on Neurology Case Reports on Obstetrics		
and Gynaecol	ogy Case Reports on Neurology Osteoarthritis Arthritis Orthopedic Surgery		
Miscellaneous	Case Reports Case Reports on Internal Medicine Case Reports on Surgery Case		
	itical Care and Emergency Medicine		
	: Jennifer L Doherty-Restrepo		
Session Chairs	Denis Larrivee		
	Session Introduction		
12.55 14.20	Session Introduction Title: Rapid resolution of high-output chylothorax with reduction of spinal subluxation		
13:55-14:20			
13:55-14:20	Title: Rapid resolution of high-output chylothorax with reduction of spinal subluxation		
13:55-14:20 14:20-14:45	Title: Rapid resolution of high-output chylothorax with reduction of spinal subluxation Ronish Gupta, McMaster University, Canada Title: The distal left radial artery access for coronary angiography and intervention: A new era		
	Title: Rapid resolution of high-output chylothorax with reduction of spinal subluxation Ronish Gupta, McMaster University, Canada Title: The distal left radial artery access for coronary angiography and intervention: A new era Amir S Lotfi, Tufts University School of Medicine, USA		
14:20-14:45	Title: Rapid resolution of high-output chylothorax with reduction of spinal subluxation Ronish Gupta, McMaster University, Canada Title: The distal left radial artery access for coronary angiography and intervention: A new era Amir S Lotfi, Tufts University School of Medicine, USA Title: Postnatal outcomes following Prenatal Diagnosis of Placental Mosaicism: Case		
	Title: Rapid resolution of high-output chylothorax with reduction of spinal subluxation Ronish Gupta, McMaster University, Canada Title: The distal left radial artery access for coronary angiography and intervention: A new era Amir S Lotfi, Tufts University School of Medicine, USA Title: Postnatal outcomes following Prenatal Diagnosis of Placental Mosaicism: Case Reports from Literature		
14:20-14:45	Title: Rapid resolution of high-output chylothorax with reduction of spinal subluxation Ronish Gupta, McMaster University, Canada Title: The distal left radial artery access for coronary angiography and intervention: A new era Amir S Lotfi, Tufts University School of Medicine, USA Title: Postnatal outcomes following Prenatal Diagnosis of Placental Mosaicism: Case Reports from Literature Cristina Rossi, San Giacomo Hospital, Italy		
14:20-14:45 14:45-15:10	Title: Rapid resolution of high-output chylothorax with reduction of spinal subluxation Ronish Gupta, McMaster University, Canada Title: The distal left radial artery access for coronary angiography and intervention: A new era Amir S Lotfi, Tufts University School of Medicine, USA Title: Postnatal outcomes following Prenatal Diagnosis of Placental Mosaicism: Case Reports from Literature Cristina Rossi, San Giacomo Hospital, Italy Title: Bone mineral density, vertebral pain syndrome, physical performance indices in		
14:20-14:45	Title: Rapid resolution of high-output chylothorax with reduction of spinal subluxation Ronish Gupta, McMaster University, Canada Title: The distal left radial artery access for coronary angiography and intervention: A new era Amir S Lotfi, Tufts University School of Medicine, USA Title: Postnatal outcomes following Prenatal Diagnosis of Placental Mosaicism: Case Reports from Literature Cristina Rossi, San Giacomo Hospital, Italy Title: Bone mineral density, vertebral pain syndrome, physical performance indices in women of older age groups with vertebral fractures depending on their localization		
14:20-14:45 14:45-15:10	Title: Rapid resolution of high-output chylothorax with reduction of spinal subluxation Ronish Gupta, McMaster University, Canada Title: The distal left radial artery access for coronary angiography and intervention: A new era Amir S Lotfi, Tufts University School of Medicine, USA Title: Postnatal outcomes following Prenatal Diagnosis of Placental Mosaicism: Case Reports from Literature Cristina Rossi, San Giacomo Hospital, Italy Title: Bone mineral density, vertebral pain syndrome, physical performance indices in women of older age groups with vertebral fractures depending on their localization Nataliia Grygorieva, Chebotarev Institute of Gerontology NAMS of Ukraine, Ukraine		
14:20-14:45 14:45-15:10	Title: Rapid resolution of high-output chylothorax with reduction of spinal subluxation Ronish Gupta, McMaster University, Canada Title: The distal left radial artery access for coronary angiography and intervention: A new era Amir S Lotfi, Tufts University School of Medicine, USA Title: Postnatal outcomes following Prenatal Diagnosis of Placental Mosaicism: Case Reports from Literature Cristina Rossi, San Giacomo Hospital, Italy Title: Bone mineral density, vertebral pain syndrome, physical performance indices in women of older age groups with vertebral fractures depending on their localization Nataliia Grygorieva, Chebotarev Institute of Gerontology NAMS of Ukraine, Ukraine		
14:20-14:45 14:45-15:10	Title: Rapid resolution of high-output chylothorax with reduction of spinal subluxation Ronish Gupta, McMaster University, Canada Title: The distal left radial artery access for coronary angiography and intervention: A new era Amir S Lotfi, Tufts University School of Medicine, USA Title: Postnatal outcomes following Prenatal Diagnosis of Placental Mosaicism: Case Reports from Literature Cristina Rossi, San Giacomo Hospital, Italy Title: Bone mineral density, vertebral pain syndrome, physical performance indices in women of older age groups with vertebral fractures depending on their localization Nataliia Grygorieva, Chebotarev Institute of Gerontology NAMS of Ukraine, Ukraine Panel Discussion Networking & Refreshment Break 15:35-15:50 @ Dorothy		
14:20-14:45 14:45-15:10	Title: Rapid resolution of high-output chylothorax with reduction of spinal subluxation Ronish Gupta, McMaster University, Canada Title: The distal left radial artery access for coronary angiography and intervention: A new era Amir S Lotfi, Tufts University School of Medicine, USA Title: Postnatal outcomes following Prenatal Diagnosis of Placental Mosaicism: Case Reports from Literature Cristina Rossi, San Giacomo Hospital, Italy Title: Bone mineral density, vertebral pain syndrome, physical performance indices in women of older age groups with vertebral fractures depending on their localization Nataliia Grygorieva, Chebotarev Institute of Gerontology NAMS of Ukraine, Ukraine Panel Discussion Networking & Refreshment Break 15:35-15:50 @ Dorothy Title: Miscommunication as a risk focus in patient safety: A critical incident reporting		
14:20-14:45 14:45-15:10	Title: Rapid resolution of high-output chylothorax with reduction of spinal subluxation Ronish Gupta, McMaster University, Canada Title: The distal left radial artery access for coronary angiography and intervention: A new era Amir S Lotfi, Tufts University School of Medicine, USA Title: Postnatal outcomes following Prenatal Diagnosis of Placental Mosaicism: Case Reports from Literature Cristina Rossi, San Giacomo Hospital, Italy Title: Bone mineral density, vertebral pain syndrome, physical performance indices in women of older age groups with vertebral fractures depending on their localization Nataliia Grygorieva, Chebotarev Institute of Gerontology NAMS of Ukraine, Ukraine Panel Discussion Networking & Refreshment Break 15:35-15:50 @ Dorothy Title: Miscommunication as a risk focus in patient safety: A critical incident reporting system database and work process analysis in emergency medicine		
14:20-14:45 14:45-15:10 15:10-15:35	Title: Rapid resolution of high-output chylothorax with reduction of spinal subluxation Ronish Gupta, McMaster University, Canada Title: The distal left radial artery access for coronary angiography and intervention: A new era Amir S Lotfi, Tufts University School of Medicine, USA Title: Postnatal outcomes following Prenatal Diagnosis of Placental Mosaicism: Case Reports from Literature Cristina Rossi, San Giacomo Hospital, Italy Title: Bone mineral density, vertebral pain syndrome, physical performance indices in women of older age groups with vertebral fractures depending on their localization Nataliia Grygorieva, Chebotarev Institute of Gerontology NAMS of Ukraine, Ukraine Panel Discussion Networking & Refreshment Break 15:35-15:50 @ Dorothy Title: Miscommunication as a risk focus in patient safety: A critical incident reporting system database and work process analysis in emergency medicine Sophia Wilk, Military Hospital Berlin, Germany		
14:20-14:45 14:45-15:10 15:10-15:35	Title: Rapid resolution of high-output chylothorax with reduction of spinal subluxation Ronish Gupta, McMaster University, Canada Title: The distal left radial artery access for coronary angiography and intervention: A new era Amir S Lotfi, Tufts University School of Medicine, USA Title: Postnatal outcomes following Prenatal Diagnosis of Placental Mosaicism: Case Reports from Literature Cristina Rossi, San Giacomo Hospital, Italy Title: Bone mineral density, vertebral pain syndrome, physical performance indices in women of older age groups with vertebral fractures depending on their localization Nataliia Grygorieva, Chebotarev Institute of Gerontology NAMS of Ukraine, Ukraine Panel Discussion Networking & Refreshment Break 15:35-15:50 @ Dorothy Title: Miscommunication as a risk focus in patient safety: A critical incident reporting system database and work process analysis in emergency medicine Sophia Wilk, Military Hospital Berlin, Germany Title: Spectrum of MYO15A mutations and report of a Novel Splicing Mutation in an		
14:20-14:45 14:45-15:10 15:10-15:35	Title: Rapid resolution of high-output chylothorax with reduction of spinal subluxation Ronish Gupta, McMaster University, Canada Title: The distal left radial artery access for coronary angiography and intervention: A new era Amir S Lotfi, Tufts University School of Medicine, USA Title: Postnatal outcomes following Prenatal Diagnosis of Placental Mosaicism: Case Reports from Literature Cristina Rossi, San Giacomo Hospital, Italy Title: Bone mineral density, vertebral pain syndrome, physical performance indices in women of older age groups with vertebral fractures depending on their localization Nataliia Grygorieva, Chebotarev Institute of Gerontology NAMS of Ukraine, Ukraine Panel Discussion Networking & Refreshment Break 15:35-15:50 @ Dorothy Title: Miscommunication as a risk focus in patient safety: A critical incident reporting system database and work process analysis in emergency medicine Sophia Wilk, Military Hospital Berlin, Germany Title: Spectrum of MYO15A mutations and report of a Novel Splicing Mutation in an Iranian Family with Sensorineural Hearing Loss		
14:20-14:45 14:45-15:10 15:10-15:35	Title: Rapid resolution of high-output chylothorax with reduction of spinal subluxation Ronish Gupta, McMaster University, Canada Title: The distal left radial artery access for coronary angiography and intervention: A new era Amir S Lotfi, Tufts University School of Medicine, USA Title: Postnatal outcomes following Prenatal Diagnosis of Placental Mosaicism: Case Reports from Literature Cristina Rossi, San Giacomo Hospital, Italy Title: Bone mineral density, vertebral pain syndrome, physical performance indices in women of older age groups with vertebral fractures depending on their localization Nataliia Grygorieva, Chebotarev Institute of Gerontology NAMS of Ukraine, Ukraine Panel Discussion Networking & Refreshment Break 15:35-15:50 @ Dorothy Title: Miscommunication as a risk focus in patient safety: A critical incident reporting system database and work process analysis in emergency medicine Sophia Wilk, Military Hospital Berlin, Germany Title: Spectrum of MYO15A mutations and report of a Novel Splicing Mutation in an Iranian Family with Sensorineural Hearing Loss Isa Abdi Rad, Urmia University of Medical Sciences, Iran		
14:20-14:45 14:45-15:10 15:10-15:35 15:50-16:15 16:15-16:40	Title: Rapid resolution of high-output chylothorax with reduction of spinal subluxation Ronish Gupta, McMaster University, Canada Title: The distal left radial artery access for coronary angiography and intervention: A new era Amir S Lotfi, Tufts University School of Medicine, USA Title: Postnatal outcomes following Prenatal Diagnosis of Placental Mosaicism: Case Reports from Literature Cristina Rossi, San Giacomo Hospital, Italy Title: Bone mineral density, vertebral pain syndrome, physical performance indices in women of older age groups with vertebral fractures depending on their localization Nataliia Grygorieva, Chebotarev Institute of Gerontology NAMS of Ukraine, Ukraine Panel Discussion Networking & Refreshment Break 15:35-15:50 @ Dorothy Title: Miscommunication as a risk focus in patient safety: A critical incident reporting system database and work process analysis in emergency medicine Sophia Wilk, Military Hospital Berlin, Germany Title: Spectrum of MYO15A mutations and report of a Novel Splicing Mutation in an Iranian Family with Sensorineural Hearing Loss		
14:20-14:45 14:45-15:10 15:10-15:35	Title: Rapid resolution of high-output chylothorax with reduction of spinal subluxation Ronish Gupta, McMaster University, Canada Title: The distal left radial artery access for coronary angiography and intervention: A new era Amir S Lotfi, Tufts University School of Medicine, USA Title: Postnatal outcomes following Prenatal Diagnosis of Placental Mosaicism: Case Reports from Literature Cristina Rossi, San Giacomo Hospital, Italy Title: Bone mineral density, vertebral pain syndrome, physical performance indices in women of older age groups with vertebral fractures depending on their localization Nataliia Grygorieva, Chebotarev Institute of Gerontology NAMS of Ukraine, Ukraine Panel Discussion Networking & Refreshment Break 15:35-15:50 @ Dorothy Title: Miscommunication as a risk focus in patient safety: A critical incident reporting system database and work process analysis in emergency medicine Sophia Wilk, Military Hospital Berlin, Germany Title: Spectrum of MYO15A mutations and report of a Novel Splicing Mutation in an Iranian Family with Sensorineural Hearing Loss Isa Abdi Rad, Urmia University of Medical Sciences, Iran		

Day 2 **September 01, 2018**

Conference Hall: Dorothy

Key	vnote	Forum

10:00-10:40 Title: Tocilizumab in the treatment of acute myocardial infarction-A review of what we know with a look to the future

Matthew B Carroll, Singing River Hospital System, USA

Panel Discussion

Networking & Refreshment Break 10:40-10:55 @ Dorothy

10:55-11:35 Title: Infection after Fracture Fixation

Russell D Weisz, Delray Medical Center, USA

11:35-12:10 Title: Cytorich: A novel anti-inflammatory/catabolic and regenerative autologous

blood-derived product for osteoarthritis treatment

Anthony Galea, Galea Professional Medical Inc., Canada

Sessions: Case Reports on Cardiology | Case Reports on Neurology | Case Reports on Obstetrics and Gynaecology | Case Reports on Neurology | Osteoarthritis | Arthritis | Orthopedic Surgery | Miscellaneous Case Reports | Case Reports on Internal Medicine | Case Reports on Surgery | Case Reports on Critical Care and Emergency Medicine

Session Chair: Jennifer L Doherty-Restrepo

Session Co-chair: Denis Larrivee

Title: Bmd, Frax and Tbs indices in postmenopausal women with different types of

12:10-12:35 osteoporotic fractures

Nataliia Grygorieva, Chebotarev Institute of Gerontology NAMS of Ukraine, Ukraine Title: Proximal Tibial Osteotomy in Patients with Varus Knee Deformity Using M-W

12:35-13:00 Technique: Evaluation of Results

Masoud Mirkazemi, Iran University of Medical Sciences, Iran

Lunch Break: 13:00-13:50 @ Dorothy

Title: Ectopic parathyroid adenoma - Single centre experience from India 13:50-14:15

Harinarayan C V, Sakra Hospitals, India

14:15-14:40

Shahar Kenin, Israel Chiropractic Society, Israel

Young Research Forum

Title: During hospitalization for preseptal cellulitis, Hutchinson's sign emerges with a clot

14:40-15:05 twist

John Bowman, USA

Title: Acute chylous peritonitis as a result of jejunal volvulus and small bowel

15:05-15:30 obstruction from a congenital band adhesion

Veral Vishnoi, Calvary Mater Hospital, Australia

Networking & Refreshment Break 15:30-15:45 @ Dorothy Poster Presentations @ 15:45-16:15

Title: Concerns about multiple pathogens infection related to excessive application of

CR-P-01 antibiotics

Yuguan DIAO, United Family Healthcare, China

Title: "A Window into the Deep" Coexistence of Bullous pemphigoid & Hyperthyroidism:

A Case report CR-P-02

Randolf A. Perez, World Citi Medical Center, Philippines

Title: Syndromic Microphthalmia-3 with Bilateral Contracture of Achilles **CR-P-03**

Isa Abdi Rad, Urmia University of Medical Sciences, Iran

Title: Open Vascular Repair of Ruptured Superior Mesenteric Artery Aneurysm in a

Pediatric Patient with Rheumatic Triple Valve Insufficiency **CR-P-04**

Brent Viray, Philippine General Hospital, Philippines

Title: splenic lymphangioma in adulthood

CR-P-05 **Ann Camille Yuga**, University of the Philippines, Philippines

Panel Discussion

Award Ceremony

Thanks giving & Closing ceremony
