

Proceedings of

5th International Conference on

Parkinson's Disease and Movement Disorders

October 19-20, 2018 | New York, USA

EXHIBITOR

Day 1 October 19, 2018

Conference Hall: Tribeca 3

08:30-09:30 Registrations

09:30-09:45 Opening Ceremony

Keynote Forum

09:45-10:45 Title: Sensory receptor stimulation: A non-pharmaceutical way to help the Parkinson's patient

Ben Weinstock, Weinstock Physical Therapy, USA

Group Photo

Networking & Refreshment Break 10:45-11:00 @ Atrium

11:00-12:00 Title: Guaranteed to show you how to successfully re-invent yourself

John M Baumann, University of Louisville, USA

12:00-13:00 Title: Management of parkinsonism in this millennium-A ten step approach

A V Srinivasan, The Tamil Nadu Dr MGR Medical University, India

Panel Discussion

Lunch Break 13:00-14:00 @ Atrium

Sessions: Neurocognitive and Neuromuscular Disorders | Neurodegenerative Disorder | Parkinson's Disease

Session Chair: Jian Feng Lu, Tongji University, China

Session Introduction

14:00-14:30 Title: Protection against development of parkinsonism in rats: Impact of nutrients versus the deleterious effects of manganese

Azza A Ali, Al-Azhar University, Egypt

14:30-15:00 Title: Parkinson's disease: Novel thoughts

Ece Genc, Yeditepe University Medical School, Turkey

15:00-15:30 Title: Basal ganglionic lesions in Egyptian children: Radiological findings in correlation with etiology and clinical manifestations

Hamada Ibrahim Zehry, Al Azhar University, Egypt

Panel Discussion 15:30-15:45

Networking and Refreshment Break 15:45-16:05 @ Atrium

Workshop

16:05-17:05 Title: Parkinson's disease and dementia: Induction and protection

Azza A Ali, Al-Azhar University, Egypt

Panel Discussion

Day 2 October 20, 2018

Conference Hall: Tribeca 3

Keynote Forum

09:30-10:30 Title: Frequency and risk factors association of fall among the idiopathic Parkinson's patients in Bangladesh

A V Srinivasan, The Tamil Nadu Dr MGR Medical University, India

Panel Discussion

Networking & Refreshment Break 10:30-10:45 @ Atrium

10:45-11:45 Title: Differentiating parkinson's dementia from other types of dementia

Rajendra D Badgaiyan, Icahn School of Medicine at Mount Sinai, USA

11:45-12:45 Title: Comparison between the efficacies of pomegranate with different combinations against development of parkinsonism using rotenone model in rats

Azza A Ali, Al-Azhar University, Egypt

Panel Discussion

Young Research Forum

13:45-14:15 **Title: The development of a multicellular three dimensional neurovascular unit model with a functional blood- brain barrier**
Goodwell Nzou, Wake Forest School of Medicine, USA

Poster Presentation 14:15-15:15

Poster Judge: A V Srinivasan, The Tamil Nadu Dr MGR Medical University, India

PP 01 **Title: Integrative rehabilitation maintains cognitive function in patients with Mild AD and MCI: Case studies**

Valentin Bragin, Stress Relief and Memory Training Center, USA

PP 02 **Title: The potential role of propolis on the therapeutic effectiveness of L-dopa during development of parkinsonism in rats**

Azza A Ali, Al-Azhar University, Egypt

PP 03 **Title: Rock steady boxing and procedural memory: Can boxing improve learning in Parkinson's disease?**

Christopher K McLeod, NYIT College of Osteopathic Medicine, USA

PP 04 **Title: Comparison between the efficacy of vinpocetine, pomegranate, vitamin B complex, vitamin E in providing protection against parkinsonian syndrome induced by manganese in rats**

Azza A Ali, Al-Azhar University, Egypt

Networking and Round Table Discussions 15:15 - 16:00

Refreshment Break 16:00 - 16:30 @ Atrium

Award Function & Closing Ceremony
