# Program Announcement

## Venue

Tokyo, Japan

## Important Dates

Abstract submission opens: July 30, 2018

Registration opens: May 31, 2018

Early bird registration: October 25, 2018

On spot registration: May 08, 2019

## Accommodation

A large number of rooms have been reserved. Discounted room rates for Parkinsons Congress 2019 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by public transportation.

## Exhibition and Sponsorship

An Exhibition will be held concurrently with the Conference. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the fields of Parkinsons, Huntingtons & Movement Disorders.

## About Tokyo

Tokyo is Japan's capital and the world's most populous metropolis. It is also one of Japan's 47 prefectures, consisting of 23 central city wards and multiple cities, towns and villages west of the city center. The Izu and Ogasawara Islands are also part of Tokyo. It has neon, skyscrapers, salaryman crowds, packed trains, cutting-edge architecture and futuristic technology. But it also has ancient shrines, plant-covered wooden houses, cycling grannies, old-school sweet shops and village-like lanes.

Tokyo is a nirvana for foodies, and has the world's highest volume of Michelin stars in a city. Shopping is another highlight – it's worth bringing an empty suitcase to fill with hard-to-resist gadgets, trendsetting garments and treasures from craft and design stores. And now there's another reason to visit: the 2020 summer Olympics will take place in Tokyo. As a result, not only is the mood refreshingly upbeat, but a raft of new developments, hotels and infrastructure upgrades are in the pipeline.

With more than 12.5 million residents to entertain, Tokyo has a lot going on. Boasting the Tokyo National Museum, the National Museum of Nature and Science, the Ueno Zoo, and the sprawling green space, Ueno Park are the special places to visit in Tokyo. Edo-Tokyo Museum and the Imperial Palace resembles the history of Tokyo. And no trip here would be complete without visiting some of Tokyo's Buddhist and Shinto sites like the Sensoji Temple and the Meiji Shrine.
