City Attractions

Venue

Manila officially the City of Manila is the capital of the Philippines. It is the most densely populated city proper in the world. Manila has been damaged by and rebuilt from wars more times than the famed city of Troy and it is also the second most natural disaster afflicted capital city in the world next to Tokyo yet it is simultaneously among the most populous and most wealthy cities in Southeast Asia. Manila was also the seat of power for most of the country's colonial rulers .It is home to many historic sites, some of which were built during the 16th century. Manila has many of the Philippines' firsts, including the first university , light station, lighthouse tower ,water system, hotel ,electricity, oceanarium, stock exchange (,flyover (1930s), zoo (1959), pedestrian underpass (1960), science high school (1963), city-run university (1965), city-run hospital (1969), and rapid transit system (1984; also considered as the first rapid transit system in Southeast Asia). The term "Manila" is commonly used to refer to the whole metropolitan area, the greater metropolitan area or the city proper. The officially defined metropolitan area called Metro Manila, the capital region of the Philippines.
