

About Conference

The “2nd European Pathology and Infectious Disease Conference” is going to held at Abu Dhabi, UAE on December 10-11, 2020. Through the theme “Emphasizing the practical approaches in pathology”, the conference will explore the advances in pathology and its allied fields. This conference can be an event which carries a mixture of novel and advanced pathological techniques that are used for the diagnosis of emerging diseases. It will also provide an international platform for experts to share, foster collaborations across trade and world, and assess rising technologies across the world.
